PRESIDENT WHEELER AFTER CHURCH MEMBERS

YOUNG TAILOR MURDERS HIS TWO CHILDREN

CUT-OFF AT SALT LAKE IS FORMALLY OPENED

AN INSULT TO THE PRESIDENT.

PRESIDENT WHEELER OF THE STATE UNIVERSITY.

Benjamin Ide Wheeler Calls Down Church Members for Playing Baseball.

BERKELEY, November 26.—"By playing baseball this morning you are insulting the President of the United States, who has set aside this day for church services. A union church meeting is now being held in the First Presbyterian Church, but a short distance from here, and for that reason, if no other, you should desist from engaging in a game of baseball at this time. You must, therefore, stop your game."

With these words, President Benjamin Ide Wheeler of the University of California, brought an abrupt conclusion to the game of baseball played by nines representing the First Congregational Church and the Park Congregational Church on the University diamond this morning.

The contest had been widely advertised in an informal way and the crowd which was present foreboded that trouble was brewing when they saw the chief executive of the University, clothed in a Prince Albert coat and a silk hat, approach the baseball grounds.

He did not mince matters, and going straight to Loring Barker, the president of the Christian Endeavor Society of the First Congregational Church and one of the managers of the game, opened his tirade against the players.

There was no remonstrance and the members of both nines, deeply chagrined, quickly left the diamond, followed by the spectators.

"President Wheeler meant business," said Barker, "and we immediately obeyed his order to leave the grounds. It did not occur to us that we were doing anything out of the way, for it has been our custom to hold an annual contest on Thanksgiving Day between nines representing both churches."

The teams were composed of representative young men of the city, as follows:

FIRST CONGREGATIONAL.	POSITION.	PARK CONGREGATIONAL.
Loring Barker	pitcher	Tay Streib
Charles Mills	catcher	Hal Willis
Howard Merrill	first base	Charles Munson
Edward Grindley	second base	W. Robenson
King Sweesy	third base	Thoms Streib
George Steedman	short stop	Charles Robinson
A. Wilkinson	left field	John McGreer
Clarence Peck	right field	H. Maddock
Clinton Morse	center field	Eric Scudder

The game was closely contested and the excitement was intense when the contest was closed in the fifth inning, with the Park Congregationalists at the long end of the score, with 5 to 1.

FOUR MEN BURNED TO DEATH IN OMAHA.

OMAHA, Neb., November 26.—Four men were burned to death and property loss amounting to $300,000, is the result of a fire which broke out about 3 o'clock this morning in the wholesale grocery house of Allen Brothers, corner of Ninth and Jones streets. In addition to the big five-story building occupied by the Allen Brothers, that occupied by the Pacific Storage Company adjoining, was also consumed. The four firemen killed were:

L. W. LESTER.
WILLIAM BURMASTER.
L. U. GOLDBOROUGH.
WILLIAM A. BARRETT.

The fire is presumed to have originated in the furnace room of the Allen building. The flames were first seen when they broke out on the second floor, this part of the building containing the heaviest part of the wholesale grocery stock. The buildings were filled with the most inflammable class of material and after the roof fell in the blaze shot far into the air and dense volumes of smoke, illuminated by the fire, rolled still higher. The firemen were working about thirty feet inside the Allen Brothers building when the floor above unexpectedly collapsed catching the men with no chance of escape and with no possibility of their comrades rescuing them.

Their bodies were not even recovered from the burning building.

WATER RUNS IN STREETS OF SOUTH.

Flood Gate Breaks and Streets Are Deluged.

Three Million Gallons Go to Waste in a Few Minutes.

LOS ANGELES, Nov. 26.—Over a million and a quarter gallons of water swept clean a number of the streets of this city this morning, following the bursting of what is known as the "High pressure reservoir" of the City Water Works.

The break occurred at 8 o'clock.

From the northern part of the city where the reservoir is located, high up on the hills of Elysian Park, the great mass of water came down with tremendous impetus through Rampart street, which at this point is in a deep cut, and spread south and east along the thoroughfares radiating from Rampart street. The damage done was small as far as property loss is concerned. Dozens of cellars were flooded and one small shack was washed from its foundations.

Silt to the depth of three and four feet was spread over the streets near the break and sections of curbing were washed out and carried several blocks.

The force of the flood was lessened by the speedy division of the water into smaller streams.

The accident was caused by a broken flood gate, which allowed the water to escape from a feed reservoir higher up into the larger enclosure. The rapid seepage continued through the night and the pressure of the increased weight of water finally caused the embankment to give way. The reservoir contained about 3,000,000 gallons, but the heavy adobe subsoil underlying the embankment prevented the remainder from escaping.

BIG GAME IN THE SOUTH.

STANFORD AND INDIANS MEET ON THE SOUTHERN DIAMOND.

LOS ANGELES, Nov. 26.—Perfect weather conditions and a crowd of spectators, estimated at 7000, favored the players of the Stanford 'varsity eleven and the Sherman Institute Indian teams, when they lined up for the kick-off at Prager Park this afternoon.

Enthusiasm ran high when the two teams trotted out on the field, a large portion of the big crowd supporting the government's wards, who have a clean record of winning games this season.

Stanford appeared with three changes from the line-up played against California in the inter collegiate game. Schofield was at Weller's place at full; Tillman relieved Sprout at left tackle and Stevenson played left end in place of Clark.

The college team was outweighed an average of 10 pounds to the man by the Indians. The red men were handicapped by the loss of Scholder, their star tackle, who is suffering fro ma severe illness. Remis Pierce, the famous Carlisle guard, who for the past two years has coached the Sherman eleven, went in at full back.

Line up:

Sherman	Position.	Calif.
C. Coleman	L. E.	Smith
Lubo	L. T.	Shields
Morales	L. G.	R. Jacobs
Ward	C.	Hauverman
Black Tooth	R. G.	L. Thompson
Lugo	R. T.	L. Stillman
Tortes	R. E.	L. Stevenson
Neafus	Q.	Ganbach
Silvas	L. H.	R. Chalmers
Magee	R. H.	Dole

SUISUN, Cal., November 26.—The case of George Pensacoli, a Greek fisherman charged with the murder of Fred Potter near Dutton's Landing on August 14, which began in the Superior Court last Monday, was submitted to the jury last evening. The jury deliberated all night and brought in a verdict about 7 o'clock this morning finding Pensacoli guilty of murder in the second degree.

THREW HIS CHILDREN ON TRACK.

Awful Act of a Young Tailor in Berlin.

He Was Despondent Over the Death of His Wife.

BERLIN, November 26.—Thomas Makiewicz, a young tailor, in the presence of hundreds of persons, threw his two children, aged 3 and 5 years, before an approaching train near here and leaped after them. All three were killed.

The man was despondent over the death of his wife.

AN ENGINE IS WRECKED.

ENGINEER IS BURNED AND FIREMAN BREAKS A LEG.

LIVERMORE, Cal., Nov. 26.—The train known as the Portorville Flyer was partially wrecked last night by the blowing out of a shaft under the engine. The forward truck was derailed. Little damage was done, though the passengers were badly shaken up.

The engineer stood by his post and was burned by escaping steam.

The fireman jumped and sustained a broken leg.

RUSSIAN BOATS ON WAR FOOTING.

ST. PETERSBURG, Nov. 26.—A dispatch received here from Vladivostock notes the general subsidence of war talk in the Japanese press and says the Japanese consul-general in Corea

ADMIRAL AVELAN OF THE RUSSIAN NAVY.

has issued a proclamation to quiet the alarm of his compatriots.

A telegram from Port Arthur says the Russian torpedo boat Baltic at Port Arthur was launched yesterday, making the twelfth torpedo boat built at Port Arthur. The first six of these vessels have already been placed on a war footing.

HE WILL NOW SHINE AS BARON.

SIR JAMES THOMSON RITCHIE, LORD MAYOR OF LONDON.

THE LADY MAYORESS, MISS RITCHIE

and Queen Helena of Italy at the Guild Hall.

FOOTBALL GAME AT BERKELEY.

BERKELEY, November 26.—Thanksgiving day in the college town was marked by a number of football games played by amateur teams. In a rattling good contest on the gridiron at the Institute for the Deaf, Dumb and Blind, the football eleven, composed of deaf mutes of the institution, was beaten by the Columbian team of San Francisco by a score of 17 to nothing. The local eleven played at a great disadvantage, their opponents weighing twenty pounds heavier to the man.

TEN YEARS FOR THE WOMAN.

STAUNTON, Va., Nov. 26.—Mrs. Ellen Bailey was found guilty today of planning the wreck on the Norfolk and Western Railroad at Greenville last December and her punishment fixed at ten years in the penitentiary. Her son, James Bailey, and Joseph Kennedy, have been convicted of wrecking the train.

NEW LINE OPENED BY THE S. P.

President Harriman and Other Officials Witness Driving of the Golden Spike.

OGDEN, Utah, November 26.—A hundred and two miles of track, composing what is known as the Ogden-Lucin cut-off across Great Salt Lake, was formerly declared completed today and made a part of the Harriman system of railroads.

The dedication of this track which has cost the Southern Pacific Company millions of dollars, but which it is estimated will result in a saving of more than $500,000 yearly, in operating expenses, as well as reducing the running time between Ogden and the Pacific Coast by two hours, was the occasion for the assembling of fifty of the most prominent railroad officials in the country.

The party making the formal trip of inspection over the tracks leading across the waters of Great Salt Lake was headed by E. H. Harriman, president of the Southern Pacific Company. With him were the heads of practically all the lines forming the great transcontinental system known as the Harriman lines.

The party included H. G. Burt, president of the Union Pacific; Vice-President Krutschnitt, of the Southern Pacific; President A. J. Earling of the Chicago, Milwaukee and St. Paul; President David Wilcox of the Delaware and Hudson; Vice-President J. N. Fairborn of the Chicago and Alton; Vice-President J. T. Harahan and General Manager J. F. Wallace of the Illinois Central; General Traffic Manager Stubbs of the Harriman lines; General Manager Gardner and Vice-President McCullough of the Chicago and Northwestern; Chief Engineers Hood of the Southern Pacific, Berry of the Union Pacific and Carter of the Chicago and Northwestern; General Manager Raymond Dupuy of the St. Joseph and Grand Island; General Manager G. W. Holdredge of the Burlington; Vice-President H. E. Huntington of the Southern Pacific; President A. L. Mohler of the Oregon Railway and Navigation Company; Assistant Traffic Manager Campbell of the Harriman lines; Vice-President and General Manager W. H. Bancroft of the Oregon Short Line and representatives of the passenger and freight departments of nearly all the lines interested.

The last spike marking the completion of the cut-off was driven several days ago, at a point on the fill nearly opposite the place where thirty-four years ago was driven the golden spike which closed the gap between the lines of the Union and Central Pacific Railroads on Promontory Point. Many old residents of Utah cities who witnessed the ceremony accompanied the railroad officials today on the formal trip of inspection over the new track, which ultimately is to throw out of use 147 miles of the most difficult and expensive railroading in the transcontinental system.

The special train carrying the railroad officials and guests left Ogden about 1[illegible] o'clock on its trip over the cut-off. Several hours were spent in looking over the new tracks by Mr. Harriman. Tonight President Harriman and other officials will continue west from Lucin, Nevada, to make an official inspection of the improvements which have been made in the road between that point and Reno, Nevada. Several million dollars have been spent on the system across Nevada, involving a practical rebuilding of hundreds of miles of road.

STRANGE STORY TOLD BY A BERKELEY MAN.

BERKELEY, November 26.—Fred C. Patterson, of West Berkeley, who has been missing since the death of his wife last Saturday, returned home this morning. He was surprised to learn that his wife had been buried during his absence and declared that his mind had been a blank ever since leaving for Oakland where he was to have telegraphed the news of his wife's death to relatives.

"I can not remember where I have been," said Patterson this morning, "and am grieved to know that my wife's funeral took place during my absence. The last thing that I remember was leaving home to go to the telegraph office. Finding that closed I started for Oakland and that is all I know."

DOUBLE TRAGEDY AT WASHINGTON

COMPOSITOR KILLS HIS WIFE AND SHOOTS HIMSELF.

WASHINGTON, November 26.—Robert J. Hale, a compositor in the Government printing office, killed his wife and then committed suicide at their home in this city today. Hale had been under suspicion of being responsible for the condition of a young woman, who, it is alleged, died a few days ago as the result of an operation. After reading the announcement of the arrest of the physician charged with causing the girl's death, he wrote a note and, proceeding to his wife's room, killed her and himself.

HE TELLS OF HIS CHARGES.

WASHINGTON, Nov. 26.—W. A. Sutherland, in charge of the Filipino boys who have come to America for education in American methods, called today on Col. Edwards, chief of the Insular Bureau, to report the disposition he has made of his charges.

He brought to California ninety-six Filipino boys of the average age of eighteen years, and he has placed them in various families of Southern California, where they will take advantage of the nearest educational facilities until next summer, when they will be taken to St. Louis as part of the Philippine exhibition at the exposition.

When the exposition is closed, the youths will be brought east to complete their education, to which they must devote four years. They are pledged to enter the Philippine civil service upon their return to the islands and must remain in that service at least four years.

THOUSANDS OWE THEIR HEALTH TO SWAMP-ROOT

What this Wonderful New Discovery Will Do for You.

I Heartily Endorse Swamp-Root.

I had tried so many remedies without their having benefitted me that I was about discouraged, but in a few days

after taking your wonderful Swamp-Root I began to feel better.

I was out of health and run down generally, had not appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root, as above stated. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, and I cheerfully recommend it to all sufferers. Gratefully yours,

MRS. A. L. WALKER,
46 West Linden St., Atlanta, Ga.

Are you as well, strong and vigorous as you used to be? Are you sometimes discouraged, and think you'll never be any better?

Can you tell the cause of your trouble, or what makes you sick?

Do you know that about nine-tenths of all sickness is caused by kidney trouble?

Have you ever stopped to think that your kidneys may be the cause of your poor health?

Most people do not realize how much work the kidneys are required to do every day.

Every drop of blood in the body must pass through and be filtered by the kidneys thousands of times every day.

How can your kidneys do their work well is they are weak or deranged?

Stop and think of it for a moment! Do you realize the importance--nay, the vital necessity, or keeping the kidneys in order?

When you are sick then, no matter what you think the name of your disease is, the first thing you should do is to afford aid to your kidneys.

In taking Dr. Kilmer's Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered.

Dr. Kilmer's Swamp-Root is purely vegetable, pleasant to take, and cures when other prescriptions and medicines fail.

Swamp-Root Completely Cured Me.

About a year ago I was suffering from what I supposed was rheumatism. I became so bad that I could hardly get on my feet from a sitting position. I lost in weight from 156 to 145 pounds. I tried different kinds of medicine but received little or no help. I had no idea that my kidneys were affected, however, I thought I would try Dr. Kilmer's Swamp-Root and see what the effect would be. I

bought two large bottles, and they have completely cured me. Most sincerely yours,

WM. M. PARTCH,
New Haven, Addison Co, Vt.

HAPPY AND UNHAPPY MEN.

All elective officers of the city government and their deputies were made happy yesterday afternoon by receipt of their pay in anticipation of the holiday and can indulge in the luxuries presumed to be necessary for its fitting observance. The smile overspreading the countenances of these officials is equaled only by the gloomy looks of the employes of the police, fire and street departments, who were not so fortunate, and will have to confine themselves to "plain food" for their Thanksgiving feast. Many of them are trying to make believe they enjoy it by saying that turkey at 35 cents a pound isn't fit to eat, anyway.

ORDER OF FORESTERS.

At the regular meeting of Court Oakland, No. 1237, Independent Order of Foresters, held on Tuesday night, three applications for membership were received and balloted on.

On Tuesday, December 8, the annual election of officers for the year 1904 will be held by Court Oakland. It is to be hoped that there will be a good attendance, and in order to bring out the membership on this occasion, the court has decided to give on that evening an elaborate banquet in the banquet hall of the court. A committee composed of Brothers Willard, Voss and Ferguson have the matter in charge. Music and singing will be a feature of the entertainment.

The institution of a companion court is progressing rapidly and by the first of the coming year such a court will undoubtedly be established in Oakland. There are a great many ladies in Oakland and vicinity who have expressed their desire to join such an organization, especially since the session of the High Court of California recently held in Stockton, when it was decided to allow companion courts equal representation at High Court sessions as is now enjoyed by the courts composed of men only. There are also a great many "companions at large" residing within the borders of Oakland who are anxious to form a court of their own. Miss Alice Leits of Oakland is one of the most prominent of such unattached members and Secretary S. A. eDckard is trying to obtain her assistance in the institution of such a companion court. If she will communicate with Brother Deckard the accomplishment of this much-desired object will be materially hastened.

The board of San Francisco deputies of the Independent Order of Foresters at its meeting on the second Friday in November, decided to pay an official visit to Court Oakland on the last Tuesday in December. A big turn-out of the membership will undoubtedly take place on such occasion.

PRIDE OF THE FOREST.

Pride of the Forest Circle, No. 122, C. O. F., held its meeting last Tuesday evening with quite a large attendance. Much business was transacted. First nominations will take place at the next meeting, December 8. All members are requested to be present at the next meeting as a good time is in store.

WOMEN OF WOODCRAFT.

Oakland Circle, No. 266, Women of Woodcraft will hold its election of officers for the ensuing term on Saturday evening, November 28. The members are earnestly requested to be present.

On Saturday evening, December 5, the circle will receive a fraternal visit from the team of Golden Gate Circle and an enjoyable evening is looked forward to.

A class of strangers will be initiated and the Guards of Oakland Circle will give some excellent work for the benefit of visiting neighbors.

The circle has planned for many enjoyable evenings during the winter.

CALANTHE TEMPLE.

Calanthe Temple, No. 6, R. S., is to give a grand ball on Thursday evening, December 17, at Pythian Castle, Twelfth and Franklin streets. The committee in charge consists of Bros. Adams, Steele and Bruce. The Temple had a very enjoyable meeting Tuesday last, a large attendance being present. Under good of the order, Brothers Holland, Miley, Hood, Rogers and Thoman, gave such pleasing remarks as all good brothers do. M. E. C. Olive Kirk and Los Frates are preparing something new and attractive for Tuesday evening, December 1. Calanthe No. 6 will raffle a Domestic sewing machine on Tuesday evening, December 8.

ROYAL ARCANUM LADIES' NIGHT.

The ladies' night entertainment and reception of Sierra Council, No. 1642, Royal Arcanum, took place on last Monday evening at Foresters hall. Those attending should have good cause for congratulations, for the affair was of such proportions and character, that it will leave lasting impressions. That it was largely attended goes without saying. That it was one of the social events of the season can not be disputed. Chief of all, it was a success, every arrangement being carried out with neatness and regularity and in a manner thoroughly satisfactory to all. The committee established a precedent on this occasion by starting the entertainment on time. It should be congratulated for all these things, and especially on the interesting character of the programme presented.

The first number was a well-rendered overture by Prof. Donaldson's orchestra. This was followed by a piano solo by Miss Ethel Crist which was well received. Master Myron Nelson, "the pride of Golden Gate" next gave several recitations amusing the audience for fifteen minutes. Miss Ruth Allan the noted female baritone next favored the audience with a song and character sketch which was roundly applauded. Next came Miss McKeon the clever Spanish dancer beautifully costumed, her recitation and exhibition pleasing all immensely.

Carl Shindler of San Francisco sang several songs in his rich baritone voice which kept the audience spell bound for sometime.

Miss Fisher, who played her own accompaniment on the piano, was a wonder, her strong yet sweet voice filled the hall.

Miss Hibbard the celebrated violinist, gave some fine selections on her instrument.

Mrs. Jones, "the Girl With the Naughty Wink" gave some very clever character songs and impersonations, captivating the audience.

Miss Knutson beautifully dressed in Japanese costume gave an excellent exhibition in fancy dancing.

John Bushnell favored the audience with a flute solo.

Last but not least, Mr. Purdy, the well known tenor, sang several very fine songs.

The entertainment closed with a few words to those present by the orator of the council, who then ordered the floor cleared for dancing, also that the refreshments be served. This acted as a stimulus for the gay and festive dance, which followed, and lasted untill twelve o'clock.

HARBOR LODGE, I. O. O. F.

Harbor Lodge, No. 132, I. O. O. F., held a regular meeting Wednesday evening, November 25. The second nomination of officers was declared in order after the regular business. Lodge adjourned to pay a fraternal visit to Porter Lodge, No. 272 to witness the degree contest. Some sixty-three members of Harbor availed themselves of this opportunity to witness some excellent degree work.

WOODMEN OF THE WORLD.

On next Monday evening, November 30, Head Consul F. A. Falkenberg, will address the members of Forest Camp at Alcatraz Hall, West Oakland. A very interesting program has been prepared, and in order to get a good seat, the neighbors will have to be on hand quite early.

Last Monday evening at the regular meeting of Oakland Camp, No. 94, six applications for membership were received and four candidates initiated. This camp is rapidly approaching the 1000 membership mark.

On next Monday evening, November 30, this camp will hold one of its famous whist tournaments at the hall, 521 Twelfth street. At previous tournaments of the camp, it has been necessary to turn people away on account of lack of room, the main auditorium being filled as well as the large banquet room. However, the committee in charge of this tournament will profit by past experience and will remove all surplus furniture and staging from the hall, so that at least fifty more tables for the players can be arranged. New and novel prizes will be offered. In fact, the prizes will be much better than ever before. Ten prizes for playing and two door prizes will be presented. The door prizes will be drawn for all those who attend and play. The friends of the camp and the members are requested to be at the tables at 8:30 o'clock sharp, as the tournament will then commence. This early start will give more time for social enjoyment and dancing. Henderson's orchestra will discourse sweet music during the play and for the dancing. A good time is assured to all by the committee. Neighbors McConnell, Krytser and Williams. Remember the date, Monday evening, November 30.

FOUNTAIN LODGE, I. O. O. F.

The lodge-room of Fountain Lodge, No. 198, was well filled by Odd Fellows from the various lodges on the 23d inst. to witness the third of the series in the degree contest.

The judges being present, the team, under the direction of P. G. Price, conferred the initiatory degree in a very satisfactory manner. The team being nearly all young new members, well deserved the credit that was given them for good work. A candidate for membership was elected and will be initiated next Monday, November 30.

Officers for the ensuing term were nominated, and on Tuesday night, December 1, the members will attend the district meeting to be held by Fruitvale Lodge, No. 66. The brothers will meet at that hall at 8 p. m. At the conclusion of the initiatory ceremonies the veteran Odd Fellow, P. G. W. T. Gibbs gave the recording secretary, P. G. W. T. Bellars, a complete surprise by presenting him, on behalf of the lodge, with an elegant veteran's I. O. O. F. jewel, adopted by the sovereign grand lodge in 1888 to be worn by members who have been in good standing for twenty-five years. He alluded to Bellars' many years of service in the various offices of the lodge, including fourteen terms as recording secretary, and assured him of the love and esteem in which he was held by the members of his lodge. Brother Bellars heartily thanked the brothers for their kind expressions of friendship, which he valued even more than the beautiful token they had so kindly presented to him.

TO DO AWAY WITH DRINKING CUPS.

The Board of Education is giving a thorough test to the new idea—it is hardly an invention—of Health Officer Von Adelung in regard to drinking faucets for use in the public schools to minimize the danger of the spread of contagious diseases, and will adopt it if it proves to be a success.

Practically it is simply a reversal of the position of the ordinary faucet by turning it half way around, making the flow of water a low fountain shaped stream, from which students are to drink direct, and use of cups be done away with. By this method, it is said, it will be impossible to transmit diphtheria or any other disease.

Dr. Von Adelung says that in one school not long ago—not a public school, however—he found 800 children drinking from the same cup, and among these pupils there were more cases of diphtheria than in all of the other city schools together.

The Health Officer is also preparing a course of hygienic and sanitary lectures upon "the means of transmitting common contagious diseases," the "means of avoiding them," "contents of city ordinances relative to contagious diseases," "the value of personal cleanliness in preventing disease," and kindred topics, and it is purposed gathering the pupils in the assembly room to instruct them along these lines both by the Health Officer and by members of the Board of Health.

NEW LAW FOR UNDERTAKERS.

WANT A STATE LAW TO COMPEL EXAMINATION OF EMBALMERS.

At the next Legislature an attempt will be made to pass a bill providing for the appointment of a State Board of Embalmers. The measure will require all undertakers who wish to preserve the remains of the dead by artificial means, shall undergo an examination by the board to show that they have thoroughly mastered the science of embalming and will also prohibit railroad companies from accepting for transportation remains which have not been embalmed by people who have undergone such examination.

This move, it is said, originated with the Baggagemen's Association who then aroused an interest in the matter among undertakers, who, in turn, brought it to the attention of the State Board of Health at a meeting at which Dr. N. K. Foster, of this city, secretary of the board, was present. There were also in attendance several undertakers from this city.

In support of the proposed law, it was stated that a number of bodies have, while en route to the East and other places, become offensive owing to improper embalming before being placed on the train and that, as a consequence, a great deal of annoyance has been experienced, which would have been obviated had the law required a standard of skill on the part of the undertakers who had prepared the bodies for shipment.

In opposition to the innovation, it was claimed that the number of bodies which became offensive was comparatively few and that even though embalmers did pass an examination of the Board of Embalmers, that would not always be proof that the remains had been properly treated, which could be determined only by an examination of the body by a State officer which was declared impossible. It was also urged that there were many undertakers who had been in the business for years, who had not become embalmers, because they had always relied upon the employes to tend to that branch of the business for them and it would be a hardship to compel such men to become practical embalmers now.

However, there was a pronounced sentiment in favor of the innovation and it is considered likely that the idea will crystalize into a law with the backing of the Undertakers' Association and the railroad people.

TAXES ARE SLOW.

Complaint is made at the office of the City Treasurer that taxes are coming in very slowly, less than half the amount that should have been paid at this date having been released to the Treasurer for the city's benefit. Mr. Taylor is unable to satisfactorily account for this tardiness on the part of taxpayers unless it be attributable to the general promeness to put off the day of payment as long as possible, and hopes for a record-breaking close for the week, that dilatory ones may save themselves from the attaching penalty.

THE LATEST NEWS.

MAJOR J. W. M'CLUNG DIES OF HIS WOUNDS.

SAN FRANCISCO, November 26.—Major J. W. McClung, who was shot by A. L. Garnett in the apartments of Mrs. Lillian Hitchcock-Coit in the Palace Hotel yesterday afternoon while defending that lady from a murderous attack by Garnett, died of his wounds this afternoon in the Waldeck Sanitarium.

JUNTA RATIFIES TREATY.

Panama Officers Will Grant All Demands of United States.

PANAMA, November 26.—The Junta, composed of Jose Augustine Aranago, Tomas Arias and Manuel Espinosa, held a meeting this morning, all the Ministers of State and Councillors being present, and unanimously decided to ratify the canal treaty as soon as it is received here, and authorized Minister Bunau-Varilla officially to transmit the Junta's decision to the United States Government.

The decision of the Junta was received with great joy throughout the isthmus without distinction of party or classes.

Rear Admirals Walker and Glass have been informed of the action taken by the Junta.

MANY THREATS MADE.

Gen. Bell Has no Information on Plot to Destroy Courthouse.

DENVER, Colo., Nov. 26.—Although General Sherman M. Bell declared yesterday that he had information of a plot to blow up the state house and assassinate Governor Peabody and himself, Governor Peabody said that he had not heard of any threats or plot of that nature.

"I am in receipt of anonymous letters almost every mail," said the governor, "but have found none of a threatening nature for some time. The majority of them tell me that I have mistaken my calling and ought to vacate the governor's chair. That is my intention when my term of office is over."

General Bell would not reveal the source of his information.

RUEF IS AFTER THE TOGA.

Ae Would Like to Succeed Bard as Senator.

SAN FRANCISCO, November 26.—The Bulletin tonight says: Abraham Ruef wants to go to Washington, D. C., as a United States Senator from California, to succeed Thomas R. Bard, and, with that end in view is actively engaged in formulating his preliminary campaign plans.

The word has gone down the line, and it has set every politician that has heard it a-gasp with astonishment and surprise. That Abe Ruef, the man who practically read himself out of the Republican party in order to place his friend and Man Friday, Eugene E. Schmitz, in the mayoralty chair, should come forward to present his claims for the highest gift at the disposal of the California Legislature, was a possibility with which they had never reckoned.

But the announcement of his aspirations has come so directly and from sources so authoritative as to give the new tidings a convincing force, and the wise men of politics are commencing already to figure upon how Ruef expects to turn the trick and capture the coveted prize.

HIS NURSED AMBITION.

There is evidence strongly tending to show that Ruef has been nursing the Senatorial ambition for two or three years, and especially since the time of the first election of Schmitz as Mayor. The wiseacres see in his strategems and maneuvers of the last municipal campaign the gradual working out of his deep laid and secret plans, and they are beginning to open their eyes to the system which it is expected he will operate from this time on until the convening of the next Legislature.

REAL ESTATE MEN TO ORGANIZE.

MEETING HELD LAST NIGHT TO DISCUSS MATTERS.

The leading real estate dealers of this city intend to form an organization which will be known by the name of the Greater Oakland Realty Bureau or some kindred appellation.

With this end in view, a number of the dealers in realty in this city and vicinity met last night in the office of Wordward & Watson and discussed the advisability of effecting such an organization.

The prosperity which has come to Oakland during the past year has greatly increased the business of the real estate dealers of the city and has at the same time, brought into existence a number of firms whose supposed purpose is to remain here or in the business during what is considered by them a "boom," but which, in the estimation of the old, well-established firms, is really the result of permanent growth of the municipality.

The need of harmonious relations of realty was admitted by all the merchants present and the benefits accruing from a central organization were pointe dout in a manner which left no doubt as to how those present stood on the question.

Such a society was declared to be all the more necessary because the exchange of realty dealers, organized some months ago, had disintegrated.

A committee was appointed to report on the organization of an exchange at a meeting to be held next Wednesday week.

Among the realty firms represented were: Woodward & Watson, A. J. Snyder, J. H. Macdonald & Company, M. L. Wurts, Laymance Real Estate Company, Meads & Bell, H. B. Belden, G. W. Austin, J. S. Myers, E. P. Cook, E. J. Stuart and others.

NEW ORDER OF COLUMBUS.

Next Sunday a new order known as the Knights of Columbus will be introduced into this city. It is of a fraternal and social character. The subordinate branches are known as councils. The council to be organized here next Sunday will bear the name of this city. It will comprise sixty members who are well known here in various walks of life. The institution will be conducted by one of the supreme officers, who will be accompanied to this city by Los Angeles Council, comprising fifty members, who will come here in a special car. The members of the visiting council, as also those of the home organization, will attend high mass in Father King's church at Jefferson and Eighth streets, at 10:30 o'clock, after which the institution of the order and the installation of the first officers will take place in Maccabee Temple at the corner of Clay and Eleventh streets.

At that time also the third degrees, which are said to be very impressive, will be conferred. This will be followed by a banquet. The organization has a membership of 125,000 throughout the United States. The initiation fee is $250. The first officers of Oakland Council are as follows: Grand knight, J. E. McElroy; deputy grand knight, Hugh Hogan; counsellor, George Clark; recorder, W. J. Dunn; financial secretary, F. M. Cerini; treasurer, M. J. Keller; lecturer, J. J. Rosborough; advocate, B. McFadden; warden, V. A. Dodd; inside guard, Collin Chisholm; outside guard, R. J. Montgomery; trustees—F. P. Flynn, J. F. Smith, W. V. Harrington.

DENY THE STORY OF ALLEGED REVOLUTION.

DISSATISFACTION EXISTS BUT THERE IS NO FIGHTING.

COPENHAGEN, November 26.—The Government officials deny reports published abroad of a revolutionary movement in the Danish West Indies on account of dissatisfaction with the commission's recommendation on the subject of improvements in the islands.

That dissatisfaction exists is admitted and it is recognized that the prosperity of the new Republic of Panama will conceivably impress the inhabitants of the Danish West Indies so much as to strengthen the latent desire in some quarters to come under the American flag.

The departure of the new Governor of St. Thomas for his post was hastened in hopes that fuller explanations of the commission's report might lessen the dissatisfaction and that the Government might, at the earliest possible moment, be in full possession of the situation. The Government fully realizes the great difficulty of legislating and helping the islands to their satisfaction. The people and Government of Denmark approve of the United States' action in recognizing the Republic of Panama and request for similar recognition from Denmark will undoubtedly be granted.

NO CHANGE IN THE STRIKE.

CRIPPLE CREEK, Colo., November 26.—The fifteenth week of the strike of the Western Federation of Miners in the great gold camp has developed no material change in the situation. Through the fatal explosion in the Vindicator mine last Saturday much excitement and indignation was caused, but nothing has occurred to indicate that the people of this district intend to take the law in their own hands. The report that a vigilance committee was being organized was declared by leading mine-owners and business men to be unfounded.

RECEIVER NAMED FOR A BANK.

ALGONA, Iowa, Nov. 26.—A receiver was today appointed for the State Bank of Germania, which carries $40,000 of deposits.

State Bank Examiner Thompson has been in charge of the bank for more than a week. Inability to convert real estate into ready money and the allowance of over-drafts not consistent with good banking, are said to be the cause of the bank's troubles. The assets may meet the liabilities.

WORKMEN AND MILITIA.

PRESIDENT OF THE UNION ISSUES A STATEMENT ON SITUATION.

TELLURIDE, Colo., Nov. 26.—President Guy E. Miller of Telluride Miners' Union, No. 63, W. F. M., has issued the following official statement in connection with the arrest of Secretary O. A. Carpenter and other union members:

"So far as I know, the men arrested have committed no offense other than that of being prominent members of the Miners' Union. Possibly the arrest of these men is a reflection of the disappointment felt on account of the few men who went to work.

"Our men came down from the various mines when the militia appeared. Even foremen and shift bosses refuse to work under the protection of the militia. This is not a strike on the part of the officers. The eight-hour day is demanded by this union; the so-called protection is not needed. We don't want to go to work until the eight-hour day is granted."

AMERICAN CHURCH IN BERLIN.

CROWN PRINCE REPRESENTS EMPEROR AT THE SERVICES.

BERLIN, Nov. 26.—Crown Prince Frederick Wilhelm, in behalf of Emperor William, took part today in the dedication of the new American Church, sitting between Ambassador Tower and Mrs. Tower. He followed the service attentively, occasionally participating in the responses. The Empress telegraphed to the pastor, the Rev. Dr. Dickie, regretting that she could not be present on account of her husband's indisposition, and sent the court chamberlain, Count von Muehlinen, to represent her. Chancellor von Buelow was represented by Privy Councilor Conrad. The services were conducted by the Rev. Dr. Jan Slyke and Professor A. W. Brown of New York. Dr. Dickie preached the sermon.

President Roosevelt wrote to the pastor as follows:

"I am glad to learn that your church building is to be dedicated on Thanksgiving Day. I congratulate you on this happy result of the persistent and self-denying labors of yourself and your associates and wish you all many happy years of enjoyment of the sanctuary you have thus secured."

GENERAL REYES IS HERE.

HE COMES TO DISCUSS THE SITUATION AT PANAMA

NEW ORLEANS, November 26.—General Ruiz Reyes, representing the government of Colombia, who is on his way to Washington to intercede on behalf of his government in connection with the recognition of the Republic of Panama, arrived here today on the steamer Beverly. He leaves for Washington tonight. General Reyes is accompanied by General Pecilo Aspinal, General George Holtquin and General L. Carbellero. They boarded the Beverly at Port Limon and came direct to this city. General Reyes and party did not go to any of the hotels. They drove to the Louisville and Nashville offices and bought tickets through to New York and made every effort to avoid publicity. The General had a satchel full of Colombian gold and paid for the ticket in the coin of that republic.

General Reyes speaks English perfectly but declined to be interviewed. He said to the Associated Press representative:

"We do not wish to be quoted at this time. Our mission is a private one and until we have reached Washington and discharged it, we do not care to discuss it."

INJURIES RESULT IN HIS DEATH.

Thomas Boyd, a longshoreman, aged 39 years, working on the schooner Phoenix, discharging a cargo of lumber at Long Wharf, was fatally injured yesterday.

A swing of lumber was being hoisted from the hold of the vessel and when it was just over him the tackle broke and the whole pile fell upon him, crushing him to the deck.

Workmen hurried to his assistance and uncovered him. Boyd was unconscious when found, and lying in a little nest made by the jamming of the boards in their descent.

The man was hurried to the Receiving hospital where it was found that his left leg was so badly crushed that it had to be amputated. He did not recover from the combined shock of the accident and the amputation and died at the hospital at 11:35 o'clock last night. The remains are at the morgue.

Deceased was a native of Sweden. His divorced wife lives at 1052 Thirtieth street, with three children of the union, who were awarded to her by the decree.

UNION SERVICES IN OAKLAND.

All the central churches in Oakland held a union Thanksgiving service in the First Congregational Church this morning, the pastors of the various churches participating. Preceding the service from 10:30 until 11:00 o'clock, William E. King, gave an organ recital on the large new organ.

There was a large attendance and the service consisted of short and appropriate remarks by the various ministers, prayers, and music by the choir.

PRISONERS IN BULL PEN.

FIVE HUNDRED MEN ARE ADDED TO THE MILITARY FORCE.

CRIPPLE CREEK, Colo., November 26.—The military force in this district has been increased this week to 500 men and close guard is maintained at all the large mines that are being operated with non-union men. Nine of the men who had been confined at Camp Goldfield since yesterday have been released, but several new arrests have been made and there are still ten prisoners in the "bull pen," including C. C. Kennison, Sherman Parker and W. F. Davis, the members of the union strike committee. The excitement occasioned by the disaster at the Vindicator mine has subsided to a large degree. Union men generally declare their willingness to aid in sifting the matter to the bottom.

Sheriff Roberston denies the statement, attributed to Adjutant-General Sherman W. Bell, to the effect that he had refused to take the prisoners now in custody and held by the militia.

"I have at all time been ready to receive them," said the sheriff, "and I am able and willing to guarantee to hold and protect them."

STOLE A WATCH AND SOLD IT.

Joseph Seifert, aged 16 years, who lives at 2239 Peralta avenue, is detained at the city prison as a runaway, having been arrested at Twenty-eighth street and San Pablo avenue last night.

He may consider himself very lucky if a more serious charge is not placed against him. Last Saturday he was loitering about the Judson Iron Works tack department at Emeryville and when he left there he took away with him a valuable open-faced silver watch belonging to Charles E. Irving, an employe who resides at 2251 Market street.

Seifert came into Oakland and sold the watch to B. Simon, who has a place at Fourth and Broadway, for $1.50, and then transported himself to San Francisco, where he remained until his small fortune was spent. Irving has recovered his timepiece.

FORTUNE WAS ONLY A MYTH.

ST. PETERSBURG, Nov. 26.—A family of ignorant Siberian peasants, recently arrived on foot, after traveling 3000 miles in six months, at Tomsk, Siberia, with a wagon filled with a supposed fortune in gold. They found on arrival at the Mint that the value of the treasure was $10.

DROPPED DEAD.

O. Kazaki, a Japanese porter, aged 40 years, employed by F. Homrahan Co., at Twelfth and Broadway, died last night en route to the Receiving Hospital.

Kozaki fell on Seventh street, between Broadway and Washington. He was seen by Officer Lynch, who called the patrol wagon and started him to the hospital. Heart disease is presumed to have been the cause of death. Inquest will be held Saturday morning.

THE TROUBLE IN KENTUCKY.

The Democratic majority in Kentucky is above 26,000, the largest in a Gubernatorial election in many years.

The big adverse majority is a tribute to the folly of the Republicans in allowing themselves to be placed in an attitude of sympathy with the assassination of Governor Goebel.

The prosecution of those charged with complicity in that abominable crime was made the chief issue by Republican campaign speakers, who denounced the courts of the State with great violence and license of condemnation. Possibly there is considerable partisanship in the Goebel murder prosecutions, but decent public sentiment will not brook an apparent sympathy with political assassination. Neither will it approve indiscriminate abuse of the courts.

By making their campaign on a false and vicious issue, the Republicans of Kentucky have not only sustained a crushing defeat, but have provoked an emphatic expression of public opinion on the question of prosecuting the persons implicated in the murder of Goebel. Louisville, which is normally Republican, gave a Democratic majority of above five thousand, mainly because the attitude of the Republican candidate for Governor affronted their sense of decency.

BRYAN'S VINDICATION.

Mr. Bryan's intense egotism has had another characteristic illustration. He practically filled several issues of the Commoner with articles anent the Bennett will case. He is unable to separate himself from his paper, just as he is unable to distinguish his personality from the Democratic party. Not only is the head of the table where the McGregor sits, so far as he is concerned, but what interests the McGregor personally must interest everybody else. If he eats stringy meat, all the company must pick their teeth. Nobody who gave any serious attention to the Bennett will case believes Mr. Bryan was actuated by any improper motives in what he did; the Judge so declared and rendered a decision which completely exonerated Mr. Bryan of any corrupt motive or intentional wrongdoing. But the general impression is that Mr. Bryan, acting as a lawyer, did a very silly thing, and there is a disposition to chaff and laugh at him in a very good-natured way. Mr. Bryan, who has no more sense of humor than Malvolio in Twelfth Night, takes the whole business with tremendous seriousness, and endeavors to set himself right in his own paper. Another illustration of the truth of the old saw, "Whoever acts as his own lawyer, has a fool for a client." Mr. Bryant is not dishonest. He is merely ridiculous.

A man who can give thanks with a full heart with turkeys at thirty-five cents a pound must have a full pocket.

The citizen who thinks the goose is not hanging high this season is no posted on the market quotations of poultry.

OKLAHOMA AND PANAMA.

Panama has fewer inhabitants and a smaller territory than Oklahoma and certainly it has more wealth and a better class of population. If Panama is fitted to be an independent republic, why is not Oklahoma qualified to be a State of the Union? This is a question for Congress to answer without further evasion. In reality Oklahoma is being kept out of the Union mainly because smaller States object to lessening their political power by the admission of new States. Being divided into small commonwealths, the North Atlantic States possess an undue proportion of power in the Senate and the Electoral College; but this disproportion of political strength decreases with the admission of every new State. Hence their opposition to letting Oklahoma, Arizona and New Mexico come into the Union. It is an assertion of pure selfishness and injustice that affects not only the Territories named but the entire West. Refusing to admit Oklahoma, Arizona and New Mexico deprives the region west of the Missouri river of its due proportion of weight in legislation and election of a President. It is not States like Pennsylvania and New York that object but measly little commonwealths like Vermont, Maine, New Hampshire, Rhode Island and Delaware—a beggarly aggregation of one-house States with more dignity than territory and more gall than inhabitants.

After hearing Senator Carmack reel off a twenty-thousand word speech, one realizes that there are worse things than yellow fever.

Chicago has a school of "scientific statesmanship." Wonder if "Mush-mouth John" and "Hinky Dink," those eminent political leaders of the Windy City, got their education in this school. If so, it ought to be a good graft.

Thanksgiving Day was never dearer to the American heart than the Thanksgiving Turkey was to the American pocket this year. A rather short grace goes with turkey costing thirty-five cents a pound.

CASS ON ISTHMUS POLICY.

The attitude of the Administration in the Panama matter is sustained by an official letter written by General Lewis Cass in 1858. General Cass was then Secretary of State and had been in 1848 the Democratic nominee for President, and he undoubtedly expressed the idea dominant in the Democratic party of his day in regard to our rights on the Isthmus. What he said is particularly pertinent for his letter was written but a few years after the Bidlack treaty was entered into with New Granada. The Bidlack treaty was also an expression of Democratic policy. The following extract from General Cass' letter shows how he regarded the interoceanic canal question:

"The progress of events has rendered the interoceanic route across the narrow points of Central America vastly important to the commercial world, and especially to the United States, whose possessions extend along the Atlantic and Pacific Coasts and demand the speediest and easiest modes of communication. While the rights of sovereignty of the States occupying this region should always be respected, we shall expect that these rights be exercised in a spirit befitting the occasion and the wants and circumstances that have arisen. Sovereignty has its duties as well as its rights, and none of these local governments, even if administered with more regard to the just demands of other nations than they have been, would be permitted, in a spirit of Eastern isolation, to close the gates of intercourse on the great highways of the world, and justify the act by the pretension that these avenues of trade and travel belong to them and that they choose to shut them, or, what is almost equivalent, to encumber them with such unjust relations as would prevent their general use."

The Democratic party of today—or rather, its leaders—would stand better in popular estimation, if it possessed more of the robust national spirit that animated Marcy, Wright, Walker and Cass, who all held large conceptions of the destiny of the American Nation.

England and Holland are perfectly willing to stand in with Panama if they get a whack at the money to be paid for the canal concession. They insist that Panama must assume a portion of the bonded indebtedness of Colombia. On the same principle, Cuba should have assumed a share of Spain's bonded debt. It is evident, however, that our government is not going to sanction any such hold-up. Panama has already been recognized by the United States and Germany and that settles the matter.

Senator Morgan calls the Administration "unique." In that, as in other respects, it differs from Senator Morgan. There is nothing unique about a bore.

TREE THOUGHTS.

What sort of tree shall cast its shade
On street and avenue?
Suggestions many have been made,
And I will add a few:
San Pablo is a sight to see,
In stormy days or calm;
Unclouded and secure should be
Its title to the palm.
On Colonel Irish's dragon tree,
I hate to pick a flaw;
But would it please ('tween you and me)
The Oakland mother-in-law.
The birch for me! should grimly cry
The man of families;
But, "Teddy"—could he have a try
Would plant the family tree.
The city fathers all should be
Devoted aldermen;
And I suggest the rubber-tree
For those that wield the pen.
The carpenter, should choose the plane
The plasterer, the lime;
The masons should, of course, remain
The plum tree every time.
The dog-wood should the cynic's be,
(It has the cynic's bark),
The gall-oak Ben I. W's tree—
(I hope you'll keep this dark).
The churchman should with heart and voice
The cider tree uphold;
That box should be the slugger's choice
You hardly need be told.
Of love-sick maidens' lonely sighs
The mournful pine should tell;
But chestnuts best can symbolize
That big tourist hotel.
An unremitting task has been
That Room for Frobel's band;
To crown a noble work.—within
A century plant should stand;
In front, a date-tree's gentle sway
(A hint of passing time)
Should greet the wonderer on his way—
As I greet you on mine.

—H. H. B.

Lecky, the historian, who died recently, was the victim of an odd fable that he did all his writing lying prone on a bed, face downward, with the pillow as his desk. In this position Mr. Lecky was described as having written all his books, and in so doing ruined countless linen sheets and counterpanes by effusion of ink. Indeed, the story ran, an invariable item in all Mr. Lecky's hotel bills was a charge for compensation for ink-spattered bed linen. It was a wild canard, however.

Broad neckbands of sparkling jet are worn above the new evening gowns of black.

Make up your mind to spend as much on your furs as on all the rest of your wardrobe.

There is a genuine craze for gun-metal color, and it certainly looks well with the gray furs.

Soft glace silk, quaintly suggestive of our grandmothers' day, in delicate tints of blue, pink or pale yellow, are very fashionable for house gowns.

Pure White is not so smart among fashionable materials as the off-color whites, the so-called mushroom and oyster shades being especially popular.

Belts play a great part in our modern dress. We have the patent leather belts in every color, others in embossed or hand-painted leather, and the metal belts, incrusted with precious stones, silk and velvet belts with clasps at the back and pointed clasps in front.

The color scheme noted in a number of the latest evening stuffs is a revival of the Louis period. This is a combination of pale yellow or straw color with pale blue and pink. A charming flowered mousseline has a pale corn colored ground with large pink roses and cornflowers scattered over its surface.

There are great handkerchief sales just now, preparatory to the coming holiday handkerchief sales.

Match boxes are seen which are perfectly oval in shape, and but for the line where the cover lifts might be taken for lockets.

Excellent blankets are being offered for $3 and less. They come in solid colors and in white, with striped borders of red and blue.

Etchings by such famous artists as Whistler, Munyon and others, artistically framed in narrow black frames, are to be purchased at from $35 up.

A small desk made of hardwood that is just large enough for dolly's use proves to be full of note paper and envelopes, and in the top are a pen and pencil.

What appears to be a simple serving table in mission style has a drop that lifts the side doors that open, disclosing a dozen fine wine glasses and several cut-glass decanters.

From Germany comes some charming ware for the nursery. It has a creamy surface and has decorations of Kate Greenaway figures. There are pitchers and basins and other toilet articles.

A pretty tan waist shown in one of the shops is trimmed with squares of coarse white lace, while a blue cashmere is made with a tucked front and is elaborately braided with heavy white silk braid.

OBJECTS TO THE PLANTING OF TREES.

City Editor TRIBUNE: I beg to be allowed space in your valuable paper for a few words in regard to planting trees in our beautiful city of Oakland. I am opposed to the planting of trees on our streets for various reasons. They are an obstruction to our lights from one street to another and only darken the streets for hold-ups. I saw an article in your paper about the beautiful trees on East Seventh avenue between Eighteenth and Nineteenth streets. If you could see the gutters on that avenue now with leaves blocking the water course, stopping up the sewers with their roots, and keeping a man cleaning every day, you might not be so favorably impressed with them. There has been a great deal of talk about good sidewalks, I only wish our Mayor and ladies would look at some of the walks where trees are planted.

"I have been in California 35 years and my experience has taught me that we need more sunshine and less trees and shrubs around our homes.

"I hope your trees will be a success, but don't come my way, because I want sun. J. COWELL."

WOMEN WILL PLANT TREES.

The tree-planting section of the Woman's Civic Improvement Club will meet Friday at 3:30 in the Mayor's office. The section has decided to commence the planting of trees on New Broadway this winter. The tree selected is the California Maple. These trees are to be planted the entire length of the street, on both sides at a distance of fifty feet apart. The Town and Gown Club of Berkeley will co-operate with the Woman's Civic Improvement Club by planting maples on College avenue. This will make one continuous avenue of trees which will add much to the beauty of the city. Washington D. C., Buffalo, Milwaukee and many other Eastern cities are noted for their long avenues of beautiful trees and the Woman's Civic Improvement Club has started a movement which in time will help to make Oakland one of the most beautiful cities of the world. It is hoped that the general public and especially the property holders on Broadway will give the movement hearty support.

MUSIC AT THE CONGREGATIONAL.

The Choir of the First Congregational Church, Oakland, will give the eighth in the series of oratorio services next Sunday evening, November 29, at 7:30 o'clock. As appropriate to the Thanksgiving season, Weber's Jubilee (Harvest) cantata will be the work sung by the chorus of sixty voices and the following soloists: Mrs. Grace Davis Northrup, contralto; Arthur E. Nicholson, contralto; Arthur A. Macurda, tenor; Walter E. Nicholson, bass; with William B. King, organist and Alexander Stewart, musical director.

In addition to the Jubilee Cantata, Weber's celebrated "Jubel" overture will be played on the big organ by Mr. King and there will be an additional contralto solo by Mrs. Nicholson.

Weber's Jubilee Cantata has been given here in its entirety but once before within recent years and that was by the choir of Trinity Church, San Francisco, several years ago. The cantata contains some of Weber's most delightful music, the soprano solo work being particularly pleasing and well suited to Mrs. Northrup's voice.

A SIMPLE QUESTION

OAKLAND PEOPLE ARE REQUESTED TO HONESTLY ANSWER THIS.

Is not the word of a representative citizen of Oakland more convincing than the double utterances of people living everywhere else in the Union? Read this:

J. J. Lawrence, miner of 160 Seventh street, says: "Lameness and pain across the small of a miner's back totally prevents a man from performing work and even when the backache is not so pronounced as to prevent working it certainly is an aggravating annoyance. When in Ecuador, South America I first noticed that in some way my kidneys were not performing their functions properly and aching across the loins ensued. Since then other attacks have occurred and I was suffering from one when I noticed Doan's Kidney Pills advertised in our Oakland papers and went to a drug store for a box. If the first had not helped I never would have bought a second and if the second had not brought greater relief I never would have continued the treatment. You can say for me that Doan's Kidney Pills can be depended upon to do exactly as stated."

Uncle Sam Has Dyspepsia.

Stuart's Dyspepsia Tablets Are a Positive and Permanent Cure for the National Disease.

As a people we eat too much and the wrong kind of food. Because it tastes good we crowd the stomach with rich, unnutritious food and drink. We overtax the digestive apparatus to such an extent that it refuses to perform its duty and a conglomerate mass of half chewed, undigested material lies in the stomach until it rots, causing the formation of acids, gases and ptomaines which produce the painful condition which we know as dyspepsia.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables, with a moderate meat allowance, are much more healthful than a heavy meat diet.

Only men engaged in severe outdoor manual labor can live on a heavy meat diet and continue in health.

It is a well-established truth that nine-tenths of all diseases originate with a breaking down of the digestion. A weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Thousands have some form of stomach trouble and do not know it. They ascribe the headache the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

Nothing is more certain than that the use of so-called tonics, stimulants and medicines which depend upon alcohol for their effect, is injurious to health in the long run.

Many liquid patent medicines derive their effect entirely from the alcohol they contain.

Alcohol and medicines containing it are temporary stimulants and not in any sense a true tonic. In fact, it is doubtful if any medicine or drug is a real tonic.

A true tonic is something which will renew, replenish, build up the exhausted nervous system and wasted tissues of the body; something that will enrich the blood and endow it with the proper proportions of red and white corpuscles which prevent or destroy disease germs. This is what a real tonic should do and no drug or alcoholic stimulant will do it.

The only true tonic in nature is wholesome food thoroughly digested. Every particle of nervous energy, every minute muscle, fiber and drop of blood is created daily from the food we digest.

The mere eating of food has little to do with the repair of waste tissue, but the perfect digestion of the food eaten has *everything* to do with it.

The reason so few people have perfect digestion is because from wrong habits of living the stomach has gradually lost the power to secrete the gastric juice, peptones and acids in sufficient quantity.

To cure indigestion and stomach troubles it is necessary to take after meals some harmless preparation which will supply the natural peptone and diastase which every weak stomach lacks, and probably the best preparation of this character is Stuart's Dyspepsia Tablets, which may be found in every drug store and which contain in pleasant, palatable form the wholesome peptone and diastase which nature requires for prompt digestion.

One or two of these excellent tablets taken after meals will prevent souring, fermentation and acidity and insure complete digestion and assimilation.

Stuart's Dyspepsia Tablets are as equally valuable for little children as for adults, as they contain nothing harmful or stimulating but only the natural digestives.

One of Stuart's Dyspepsia Tablets will digest 1,500 grains of meat, eggs or other wholesome food, and they are in every sense a genuine tonic because they bring about in the only natural way a restorative of nerve power, a building up of lost tissue and appetite, in the only way it can be done *by the digestion and assimilation of wholesome food.*

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate, and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength, they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets have been in the market only a few years, yet probably every druggist in the United States, Canada and Great Britain, now sells them and considers them the most popular and successful of any preparation for stomach trouble.

WANT THE WIRES PLACED UNDERGROUND

The coroner's jury selected to investigate the death of Clark Yerrick, who was electrocuted at Thirty-fifth and Market streets Saturday evening, returned the following verdict last night censuring the telephone company.

"Death was caused by the deceased accidentally coming in contact with a wire which had become broken and had fallen upon an electric light wire, which said wire belonged to the Sunset Telephone and Telegraph Company, and had been by that company abandoned, and we censure and condemn the said company for not removing their abandoned wires, believing that the death of said Yerrick is directly chargeable to the negligence of the said company in failing to remove the wire referred to; and we recommend that the Council of the city of Oakland, in the interest of public safety, pass an ordinance requiring that all wires carrying electricity, except those used in the operation of electric cars, be placed underground."

MISS OTTO RITTLER.

Wedding at Golden Gate—Company A's Ball Last Night Was a Success.

The forty-third anniversary ball given by Company A, National Guard of California at Maple Hall last night, was one of the largest and most successful affairs of the season. The hall was beautifully and appropriately decorated with red, white and blue and evergreen. Flags, banners and draperies were seen everywhere, and the rostrum where the musicians sat was gracefully draped with flags. Garlands of evergreens were suspended from the ceiling, and on each strand were numerous red, white and blue electric bulbs. The crowd was immense, as is usual on these occasions, there being present fully two hundred couples. Collisions were unavoidable, but all seemed to enjoy themselves and the dancing went merrily on.

When the grand march was formed at ten o'clock, the electric lights were turned out, and from the balcony, lights of all colors were alternately turned on the marching throng, showing to advantage the pretty gowns of the ladies as well as the uniforms and evening dress of the gentlemen. As the march was concluded, the red, white and blue electric bulbs were turned on and the exquisite taste of these who had had the decorating in charge was noted by all.

At 12 o'clock refreshments were served on the lower floor and during this time music was rendered by the orchestra.

The ball was brought to a close in the morning hours, and the guests departed for their homes.

Those who had the affair in charge were:

Chairman, Lieutenant Charles E. Poulter; secretary, Sergeant R. E. York; assistant secretary, Corporal P. N. Winlund.

Reception committee—Captain E. G. Hunt, Lieutenant F. W. Peterson, I. M., Sergeant M. Herman and Sergeant C. E. Ellis.

Floor committee—Captain E. G. Hunt, Corporal A. Boas, Corporal P. N. Winlund, I. M. Sergeant M. Herman, Sergeant L. E. Francis and Corporal E. W. Berquest.

Press committee—Lieutenant F. W. Peterson, Private M. Stewart and Private H. B. Klinkner.

THE DIFFERENCE

Coffee Usually Means Sickness but Postum Always Means Health.

These who have never tried the experiment of leaving off coffee and drinking Postum in its place and in this way regaining health and happiness can learn much from the experience of others who have made the trial.

One who knows says: "I drank coffee for breakfast every morning until I had terrible attacks of indigestion producing days of discomfort and nights of sleeplessness. I tried to give up the use of coffee entirely but found it hard to go from hot coffee to a glass of water. Then I tried Postum Food Coffee.

"It was good and the effect was so pleasant that I soon learned to love it and have used it for several years. I improved immediately after I left off coffee and took on Postum and am now entirely cured of my indigestion and other troubles all of which was due to coffee. I am now well and contented and all because I changed from coffee to Postum.

"Postum is much easier to make right every time than coffee for it is even and always reliable. We never use coffee now in our family. We use Postum and are always well." Name given by Postum Co., Battle Creek, Michigan.

There's a reason and it is proved by trial.

Look in each package for a copy of the famous little book, "The Road to Wellville."

A WEDDING.

A Thanksgiving wedding of note will take place this evening at 1721 Market street, when Miss Ethyl Johnson will become the bride of Frank Manon Dunn. The Rev. Mr. McBurney of the Christian Science Church will officiate and there will be no attendants.

The bride is to wear pale blue crepe de chine over white silk and will carry an exquisite bouquet of bride's roses. The ceremony will be performed under a wedding bell of white chrysanthemums, suspended in the arch of a bay window and surrounded by festoons of smilax. The entire house has been converted into a bower of beauty, with artistic garlands of trailing smilax and brilliant red berries.

Only the relatives and immediate friends of the couple will attend the ceremony, after which a dainty supper will be served and the young couple will depart for a short honeymoon.

NEWS FROM BERKELEY AND THE STATE UNIVERSITY

UNIVERSITY ESTABLISHES POLICE PATROL.

Depredations on the College Grounds Lead to the Establishment of Stringent Regulations.

BERKELEY, November 26.—Wholesale depredations on the University of California grounds has resulted in the issuance of an order by the University authorities to have the offenders arrested. Five special policemen have been appointed and now a regular patrol to be commenced at 6 o'clock in the morning and continued until late into the night, is to be maintained.

For a number of years it has been against the law of the University to pick the fruit grown on the experimental stations or to discharge firearms on the campus, and it was the disregard of the edicts that has led to the establishment of the patrol.

The special officers of the University have been ordered to arrest all offenders who will be made to appear in the local justice court.

The extra vigilance has been brought about by the fact that the hunters have been in the habit lately of conducting hunts for quail and rabbits in the upper part of Strawberry canyon.

It is feared that the cows belonging to the University herd may be shot as happened to the bovines owned by William Such, who owns a ranch adjoining the University property.

ELEVEN TO ELECT CAPTAIN.

SECOND ELEVEN OF THE STATE UNIVERSITY TO PLAY AT FRESNO.

BERKELEY, Nov. 26.—Next Monday night the members of the second eleven of the University of California will meet to elect a captain. The honor lies between Geary and Kittrelle. The team will play the winner of the Fresno-Selma game at Fresno on New Year's day.

The great obstacle now in the way of an Eastern game is the lack of suitable grounds. It is doubtful whether the Richmond grounds can be secured, as the lease expired with the last inter-collegiate game.

Among the Eastern teams anxious to come to California are Columbia, Wisconsin, Michigan and Minnesota.

COLLEGE MUSICIANS TO GIVE CONCERT.

BERKELEY, Nov. 26.—The University of California Orchestra will make its first appearance for the season at a grand concert to be held in Hearst Hall on the evening of December 1st. The forty musicians will be under the direction of H. G. Maxwell.

The students will be assisted by Miss Belle Rosenthal, violinist and Frank Fowden, basso.

The following will be the program: March from "Aida," (G. Verdi;) overture, "Raymond," (A. Thomas;) Zug der Frauen from "Lohengrin," (Richard Wagner;) "Airs Russes," (Wienawski.) Miss Belle Rosenthal; Cujus Animan from "Stabat Mater," (Rossini;) Fantasy from "Faust," (Chas. Gounod;) Angelus from "Scenes Pittoresques," (J. Massanet;) "Will o' the Wisp," (Cherry,) Mr. Fowden; Romanze, "Voice of Love," (Schumann;) Hungarian Dance, No. 5, (J. Brahms.)

A NEW GAME.

Robert Maloon, arrested for conducting a banking game—a new way of beating the nickel-in-the-slot law—was given until the 27 to plead and is out on $100 bond. With Maloon, two of the slot machines were brought in from the place at 423 Seventh street, where the game is alleged to be conducted.

A short time ago J. Edwards was arrested on the same charge at the same place, and is out on like bale.

THANKSGIVING AT BERKELEY

REV. HIRAM VAN KIRK

BERKELEY, November 26.—Several hundred people of the college town religiously observed Thanksgiving Day by attending union services held at 11 o'clock at the First Presbyterian Church under the auspices of the Berkeley Federation of Churches.

Nearly all the leading clergymen of the city were present at the services which were presided over by Rev. E. W. Work, D. D., pastor of the First Presbyterian Church who conducted the introductory devotional services. The address was delivered by Rev. Hiram Van Kirk, D. D., dean of the Berkeley Bible Seminary. He said in part:

"The year which has just passed has been one of unparalleled prosperity. The rich have been getting richer. I do not believe the poor have been growing poorer. It may not be so framed on the calendar of the ages as some of her sisters 1898-1901. It is well said, 'Happy are the people who have no history.' It is only the crises of life which are made subjects of writing. But between times the current of life may move on calm and successful and momentum is gained for rounding the shoals.

"It has been a year marked with great economic undertakings and Indian Durbar, National Irrigation and the Isthmian Canal and the Irish land law. Aged war hath smoothed his wrinkled front and we have had only mutterings in the Philippines, South Africa and the Balkans. Arbitration has won at least one great victory—the Venezuelan affair."

TAKE PHOTOS WITH GRAINS OF RADIUM.

BERKELEY, November 26.—The physics department of the University of California has made the first photographs taken on the Pacific Coast by the newly discovered element, radium. After exposures of twenty minutes, negatives were made of a key and a coin. Both of the pictures were made through a solid wood fiber screen.

A simple method is employed in making the pictures. The articles, whose image is to be reproduced, are placed in the plateholder with the plate. The cover is placed over the plate, a thick sheet of paper laid above this and a few grains of radium poured on the surface. From then on the process is as automatic as it is mysterious for in a few minutes the photograph is finished.

It was found upon exposing the radium to the moisture of the air that it lost its quality of luminosity. This, however, was regained upon replacement in the case.

WOMEN PLAY THE PART OF FIRE FIGHTERS.

Mrs. D. E. Clark and Mrs. A. Stouder Save Their Home From Destruction After Hard Battle.

BERKELEY, November 26.—Mrs. D. E. Clark and Mrs. A. Stouder of 2132 University avenue played the part of firemen this morning and after a hard battle with flames saved their residence from destruction. Instead of turning in an alarm, the brave women went right to work and armed with buckets of water and an axe finally succeeded in extinguishing the blaze.

In going about the house Mrs. Clark noticed the odor of smoke and upon investigation found that the fire had broken out around the back of the kitchen stove. Calling on Mrs. Stouder to assist her, Mrs. Clark cut away the wainscoting and drenched the fire which was raging between the walls.

Finding that the fire could not be fought from the kitchen, Mrs. Stouder ran to the cellar and grasping an axe cut away the boards of the floor until water could be thrown on the flames from that point.

When the fire had been entirely extinguished the ladies ran to tell their neighbors of the occurrence. Somebody sugested calling the fire department but the need for the fire apparatus had passed.

When the scene of the blaze was inspected by a fire insurance adjuster he found that soot had lodged between the chimney and the wainscoting and that the fire had probably been started by spontaneous combustion.

COST THE JUROR HIS DAY'S PAY.

William Berry, a juryman in the case of the Japanese Murase on trial before Judge Ellsworth was fifteen minutes late at the calling of the case yesterday and was fined his day's pay in consequence.

The case is proceeding slowly owing to the fact that none of the Japanese can speak English and the testimony has to sift through an interpreter. The District Attorney and assistant are endeavoring to pick out the facts surrounding the case from a number of witnesses inclining to favor the living rather than the dead.

Isaichi Murase is charged with having, Washington. The evidence goes to show restaurant on Eighth street near Washington. The evidence goes to show that the man who was killed was much larger than the man now on trial and had him backed up against a table in a fight when he was cut in the abdomen by a large butcher knife in the hands of Murase. He claims that he cut Hiramatsu in self-defense.

The defendant was acquitted by the jury last night.

TIME LIMIT IS EXTENDED.

ELMHURST WOODMEN ENGAGED IN A MEMBERSHIP CONTEST.

ELMHURST, November 26.—The members of Elm Camp No. 36, Woodmen of the World are preparing for an entertainment for the evening of January 4. The committee in charge of affairs is already at work preparing the programme.

The entertainment was to have been given December 7, but was postponed until next year on account of the time limit of the membership contest being extended from December 1 to January 1. The camp has been divided into two sides with J. E. Smith and Charles Critchlow as the respective captains. The company presenting the largest number of applications will be banqueted by the other company. If, however, the hundred mark is reached the camp will defray the expenses of the supper. The best of feeling exists between the opposing companies, and the good natured rivalry will doubtless result in the object of the contest being achieved.

Organizer S. T. Dobson has been canvassing the town for new applications this week and it is expected that the roster of Elm Camp will be considerably lengthened by reason of his efforts.

This winter the camp is giving monthly socials for members and their wives.

After Miss Morgan had finished her book, she went down stairs only to be followed later by the burglar who was finally apprehended in the parlor by eleven-year-old Robert Morgan. The burglar rushed out of the house at the same time dropping his plunder which consists in part of a number of silver spoons.

TALENT HAD A BAD DAY AT TRACK.

Heavily Backed Burnie Bunton and John A. Scott Finish Last in Fourth Race—Jockey Hurt.

The feature of yesterday's racing at the Emeryville track was the upset of the talent in the fourth race. There were only five starters and, to the public, there was really only two horses that were really in the race—Burnie Bunton and John A. Scott. They promptly backed the former down to 5 to 2 and the latter down to 18 to 10. The horses finished in that order all right enough but at the wrong end. They finished neck and neck, four lengths behind Captivate, the third horse under the wire.

Evea G., piloted by J. Martin, proved a clever winner by half a length from Muresca, who in turn beat Captivate by three fourths of a length. The winner's price was 8 to 1 but there were not very many tickets cashed on her. In the third race Loyal S. proved himself to be the best and won from Mr. Dingley by half a length. In this race Flourish bolted at the start and ran out. After running along the outer rail to the quarter pole, he jumped the fence and threw his jockey.

The rider, W. Dugan, shot right up in the air several feet and fell, landing on the back of his neck and head. It was thought for a while that he was killed. He was carried to the emergency hospital where he came to. It was found that his head was badly lacerated and bruised and that his ear was nearly severed from his head, otherwise he suffered no ill effects beyond the natural shaking up which always results from such an accident.

A rank outsider captured the fifth race, Matt Hogan at 4 to 1, Berendos at 9 to 2 and Bard Burns at 9 to 2, were the most favored but Berendos was the only one to get within the money and he had to be content with the third division. Nervator at 15 to 1 was the winner.

The opening race was an easy win for the favorite, Silurian. He sold at 18 to 5 with Oro Viva second choice at 18 to 5. Only two favorites landed first yesterday and the other one was Sol Smith, who annexed the second race quite easily. He opened at 8 to 5 and closed at 2 to 1. Pluck and Sugden were made first and second choice respectively in the last race of the day, the one at 5 to 2 and the other at 7 to 2. The one finished fourth and the other sixth in a field of seven. Erne at 5 to 1 was cleverly ridden by Knapp and landed the money. Billy Moore took the second division and C. B. Campbell got the show. Following are the results:

BOWLING ON THE GREEN.

OAKLAND AND SAN FRANCISCO PLAYERS ARE ROLLING TODAY.

This morning the members of the Oakland Scottish Bowling Club crossed the bay for the return match with the San Francisco Club at Golden Gate Park. The game began at noon today and it will take all afternoon to play it. The local club sent over its best players and they have practiced long and hard for the event.

It is expected that the game will be a very close one. Last time they met, which was in East Oakland on July 4, the Oakland Club was beaten rather easily. At the time they had only just taken the game up after a long absence from the green and had not practiced enough. This time it will be different. The San Francisco team is entirely different in make-up, from what it was last July but it is fully as strong.

The "skips" for the Oakland team this afternoon are: Hugh Forgie, James Hutchinson and A. Proctor. The two teams are composed of the following players:

San Francisco clubmen: A. Mackie, J. M. Earsman, D. L. Dunn and Robert Park. Andrew Foreman, J. Scott, M. L. Crowe and S. Irving, George C. Patterson, H. Tickner, W. Stewart and Alexander Hay, W. Watson, J. Reid, A. Wilkie and J. Webster.

Oakland clubmen: Hugh Forgie, James Hutchinson, James Patullo, A. Proctor, J. Rankin, J. Moir R. Dalziel, J. Laing, Peter Spalding, Dr. Crawford, James Taylor, William Thompson, John Orphison, William Chalmers and E. E. Collins.

WILL INSTALL REV. GEE.

On Sunday next the Rt. Reverend Bishop Nichols will visit this parish for the purpose of instituting Rev. Edgar F. Gee as rector. The service will commence at 10:30 with morning prayer. The bishop will be the preacher. At the evening service the rector will preach the first in a course of Advent sermons. Subject: "The Life After Death."

THE BEST REMEDY FOR CROUP.

[From the Atchison, Kans., Daily Globe.]

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup known as hive syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better and does not cost as much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Osgood Bros., Seventh and Broadway, Oakland, Cal.

FITZ WAS GIVEN DECISION.

GARDNER PUTS UP MISERABLE EXHIBITION AND SEEMED AFRAID.

At Mechanics Pavilion in San Francisco last evening, Bob Fitzsimmons demonstrated to the satisfaction of a vast multitude that he is still able to go some in the prize ring and that he is still there with the wallop. His victim on the occasion was George Gardner, who until last evening was the acknowledged light heavyweight champion of the world.

In a great many ways the fight was far from satisfactory. In the first place Gardner was a big disappointment and was suffering from a severe attack of "cold feet." Up to the eighteenth round he seemed scared to death of the big Cornishman but in the last two he mixed it and managed to make an even break with Fitz. At the end of the twenty rounds, Referee Graney gave the decision to Fitz as he had won by a mile.

One thing was aparent to all last evening and that was that Fitzsimmons is no longer the grand fighter that he was only a few years ago. Age has begun to show on him and he is no longer full of life and speed. The Fitz of two years ago would have put Gardner down and out in three or four rounds. But Fitz of today lacks the power of by-gone days and while he still has the awful punch, he hasn't the hands to deliver them with. He hurt these members in his fast fight with Jeffries and it is doubtful if they will ever be strong enough to stand another hard battle.

In last night's battle, Fitz broke one hand early in the contest and practically disabled the other in the fourteenth round, still he fought on with the gameness he is noted for and beat his younger and stronger opponent to a standstill. The crowd was with the grand old man of the ring from the start and it seemed like the good old days to Lanky Bob, when, at the end of the fight, he stood in the ring and heard the crowd cheering their lungs out for him and howling for a speech.

In the fourth and fifth rounds Gardner came very near going down and out. He was sent to the mat for the first time in the fourth and before the round closed he was down again for the count of five. In the fifth a stiff short arm jolt which only traveled a few inches, nearly ended the fight. It caught Gardner amidships and he went down for the count. He was up just in time and managed to last the round out by stalling and clinging to Fitz. At this point Fitz's age began to show on him and he tired.

In the fourteenth round Fitz again sent Gardner to the floor and the Lowell man was down for nine seconds. Fitz tried hard to finish him but could not as Gardner clung to him and covered up well. The succeeding rounds were tame until the last when both mixed it freely with honors even. Referee Graney then declared Fitzsimmons the winner amid great cheering.

DOGS, CATS AND CHICKENS.

BIG SHOW OF FEATHERS, FURS AND FUSS NEXT MONTH.

The Oakland Poultry Association is to join in with the Pacific Collie and Old English Sheep Dog Club and the Cat Club in a combination show of feathers, furs and fun, to be given in the Mechanics' Pavilion in San Francisco from December 1 to December 5, inclusive.

This show of dogs, cats and chickens, it is expected, will in many respects overshadow anything of the kind held on this coast. Never before in the bench shows here has the "cocks' shrill clarion" and the feline's catermanting been added to the discordant yapping of the blue-blooded canine.

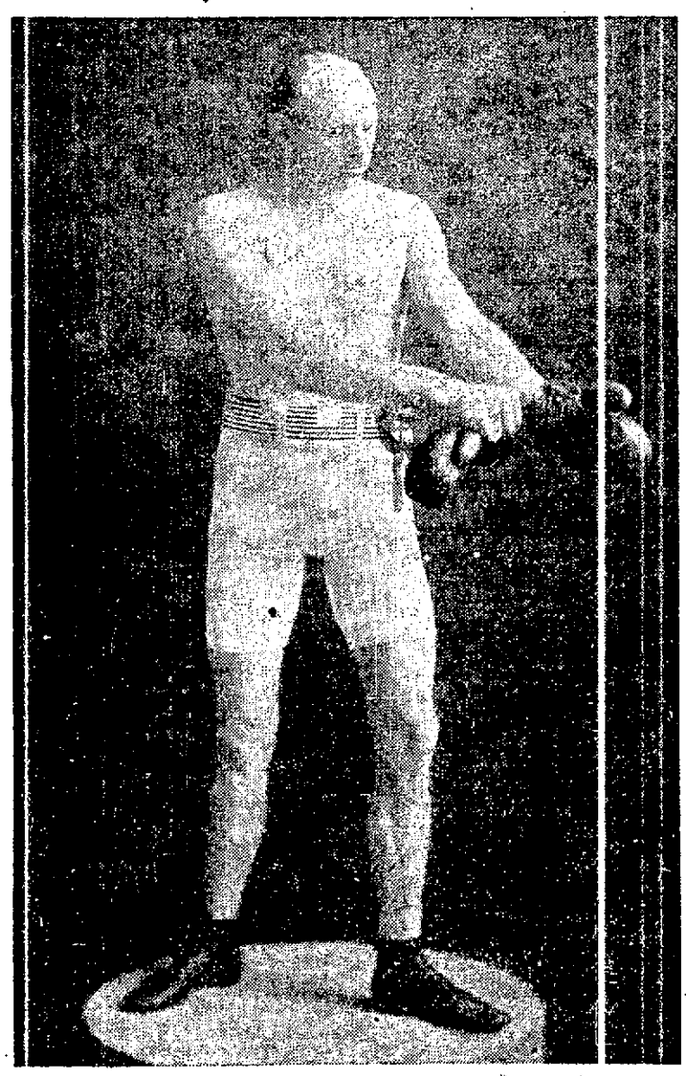

The poultry department will be as good if not better than that confined to the dogs. More white Leghorns than were ever shown together will be in competition, and the classes of barred Plymouth Rocks and brown Leghorns are also exceptionally well entered.

Percy Ward will show his string of Cornish Indian games, which are Eastern prize-winners, and Burbridge & Co. of Los Angeles will exhibit different varieties of Orpingtons, the latest fowls admitted to the standard.

One of the stars of the show will be Mrs. C. A. Smart's rough-coated champion St. Bernard bitch Princess Shehoragadi, who, in addition to her breeding, has the distinction of once saving the life of a man who fell into the lake at Chutauqua. Mrs. Francis Carolan will compete with her recently imported old English sheep dog, and a splendid string of English bulldogs will be shown by N. J. Stewart, C. R. Harker, J. C. Borrett and Leon S. Greenbaum. Simpson & Dresser's Posen kennels have entered their strain of Great Danes, including the champion, Blueheard, and W. H. Demming will have in his four Boston terriers, which were winners at the last show. The exhibit of bull terriers and cocker spaniels will be particularly fine, and the list of all the dogs entered is the largest that has ever been received for a similar show on the Pacific Coast.

The cat show will be smaller, but a prize will go to every exhibitor. Among others Mrs. Robert Watson will exhibit a Manx cat, the only one of its species ever brought to California.

James Cole of Kansas City, an authority on dogs, will judge all classes of the canines, Mrs. Roger Stone of Chicago will give the awards to the cats, and the poultry will be judged by Henry Berry of San Jose, S. Tyler of Pasadena, L. M. Cobbledick of Oakland and C. G. Hinds of Alameda. H. F. Whitman of Alameda will place awards on pigeons.

ROBERT FITZSIMMONS, THE GRAND OLD MAN OF THE RING.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at $1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

YOUR MONEY WORKS WHILE YOU SLEEP

OUR FAMOUS CORPS OF TRACK SHARPS ARE UP AT BREAK OF DAY, "CLOCKING" THE HORSES IN THEIR MORNING TRYOUTS AND WHILE YOU SLEEP THEY SPOT THE WINNERS THAT BRING YOU STEADY INCOME.—OUR METHOD PUTS YOU ON A LEVEL WITH THE MOST SUCCESSFUL PLUNGERS ON THE AMERICAN TURF. WE OPERATE FOR YOU FOR 25 PER CENT OF WEEKLY EARNINGS.—WE WIN ONLY WHEN YOU WIN. — RESULTS OBTAINED REALLY "BEYOND DREAMS OF AVARICE."

Again we scored heavily for all of our clients last month. Again we landed the money and landed it in chunks. Three years of organization, with the best facilities that money and brains can procure to make our service of picking and backing winners at the horse races the most accurate and profitable in the land, has had its natural sequence, and each week our showing demonstrates a good profit for every client.

How $50 Netted $201.75 in Less than a Month

Here is a complete statement, showing the result of a $10 play on each horse given in our "Discretionary Series," during October (Note: A capital to begin with of $50 is required by us, as a matter of conservatism, to make a $10 play on each horse that is considered by us a good betting proposition.)

The above showing is no improvement over that of September, and is not remarkable, since we have excelled it time and again during the past three years of our uninterrupted betting operations. Good as it is, however, we are confident that we will make it "look sick" by comparison with the showing we are going to make at the meeting of 100 days which begins at New Orleans this month.

We Pick the Winners

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Lankdon, Joe Yeager, and other famous plungers who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the the horses in their early-morning trials, and in that way learn when they are ready to win.

The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public upon a level with the winning plungers, and our success in this accomplishment has made us famous on two continents.

We do business only on the great racetracks of the U. S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired millionaire capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges.

Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the race track in the afternoon through us, and receives a notification by mail in a letter guaranteed to bear a postmark earlier than the race is run, of just what horses are to be backed for his account. By the next mail he is informed of the result of the day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of his accounts, with a money order for his profits, less 25 per cent, which we deduct as our fee.

This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

Our Clients Won a Million Dollars

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim & Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization, capital and advertising, have secured an enormous clientele, which means the command of much capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well is that they win three weeks out of four and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables of race horses and who are cutting an important figure on the turf, began the game as mere novices, playing our selections through us.

The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed out, is derived solely from the percentage of the winnings of our clients, and if we cannot make you win, our entire income is cut off. That we have been successful in making our clients win, is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and less business-like methods, have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "Get-rich-quick" operators tried to break into the field successfully occupied by the older and more responsible firm, but it did not take the press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterruptedly, while in the ranks of our rivals there have been scores of enterprises initiated, only to end in failure.

A Few Hundreds of Recent Endorsements of the Press

Cincinnati Commercial-Tribune, March 1, 1903.

Maxim & Gay, who have been so successful in selecting winners at the New Orleans races, are in a class by themselves, and have no relation in their system of operation to the "get-rich-quick" schemes that have recently gone to pieces disastrously to those who patronized them. Maxim & Gay do not guarantee their clients profits nor against losses, but merely play the money of their subscribers and deduct a fixed percentage from winnings for placing the commissions. This point is made clear in all their announcements. What they guarantee to do is to confidentially handle all money forwarded them and place it on the races just as if it were their own. They have in their employ as "clockers" the most expert judges of track work in the country, and there is not a horse at the New Orleans meeting that they have not a record of. The information collected in this way is used to the benefit of their subscribers, and its reliable character is attested by the numerous winners they have picked in the past two weeks.

Maxim & Gay are the pioneers in this line of investment or speculation; they have been established three years; they conduct their business on straightforward business lines; their methods have been thoroughly investigated and are entirely different from those pursued by the "get-rich-quick" schemes, so-called, which were but recently closed by the authorities. The transactions of Maxim & Gay are legal in every sense, and they do exactly what they advertise to do, that is, play the money of their subscribers on the horses they judge will win, and they usually win. Prompt and proper accounting is made of the result, but they guarantee no fixed profits, though those who have continuously patronized them have not been losers.

St Paul Dispatch, February 28, 1903.

An investigation of the methods of the Maxim & Gay Co. shows them to be conducting their business on straightforward business lines. They have been established nearly three years. They do not guarantee clients profits or against loss, but merely place subscribers' money on judgment of experts, charging a fee for information and deduct a fixed percentage from winnings for placing the commissions. They are the pioneers in this line of investments or speculation.

N. Y. Morning Telegraph, February 23, 1902.

Since the incorporation of the Maxim & Gay Co., the casual onlooker can possess himself of as much if not more knowledge of the comparative merits of the horses, and their chances of success, as the "regular" who burns the midnight oil studying from charts. He can secure through this company, which is incorporated under the laws of New York State, the expert knowledge and expert judgment of an experienced combination of horsemen whose duty it is to find out for him such things concerning the horses as he could not possibly find out for himself, unless he devoted his entire time and attention to the business. Even then, to do as well, he would have to possess a peculiar talent and be specially fitted by experience and natural ability.

Cincinnati Times-Star, March 2, 1903.

The Maxim & Gay Company, well-known purveyors of turf information, should not be confounded with "get-rich-quick" turf investments or concerns of similar character. They have been established nearly three years. They place subscribers' money on judgment of their experts, and deduct a fixed percentage from winnings for placing the commissions. They are the Napoleons in this line of investments or speculation.

Memphis Evening Scimitar, March 2, 1903.

The advertisements that appear from time to time in the columns of the various newspapers with reference to the turf plan of Maxim & Gay Company tell a story entirely different from the exploits of the defunct "get-rich-quick" concerns.

The Maxim & Gay Company transact business thoroughly and solely on business principles.

JOIN OUR WINNING ARMY

The greatest race meeting in the history of the South begins at New Orleans within a fortnight. In magnitude it will surpass all other turf gatherings of the past. The Crescent City Jockey Club knows this to be a banner year and has prepared for it. So have we. If there are more horses at the New Orleans racetrack than ever gathered there before, we have more expert "clockers" and handicappers than we ever employed at any other meeting. They cannot make the game too big for us to handle. We move with the times.

If you want to get aboard our discretionary series, at New Orleans, in which we play daily those and only those horses we think AI betting propositions, with the privilege of not playing any horses at all on days when we consider betting unpropitious, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting. If your money reaches us in time; otherwise, we will begin play the first day it reaches us after the meeting has begun. SPLICE HAS BEEN MADE.

PULLMAN CAR LATHE WILL SOON BE IN RUNNING ORDER.

The splice has been made in the wire which is to furnish power to the large Pullman car wheel lathe; in other words, the work of installing an electrically driven car shop has been completed. At this time it is especially important that the lathe be put in operation as speedily as possible owing to the accident which has delayed work at the Southern Pacific shops in San Francisco. During the heavy rains the Sixteenth street shops were flooded and the car shop lathes submerged in muddy water and covered with debris. This necessitated a cessation of work for several days, consequently the supply of car wheels is not as large as might be wished.

While the splice was being made yesterday the "juice" was shut off for thirty minutes and the new boiler shop motor was given a rest for that length of time.

THANKSGIVING OBSERVED AT THE RAILROAD YARDS.

The shops and yard were almost deserted today because of Thanksgiving Day. There are, of course, always men at work about the shop, but these were few and far between today. The usual official notice stating that the shops would be closed Thanksgiving Day was bulletined yesterday at noon.

ANNUAL MEETING OF S. P. ANNOUNCED FOR APRIL.

President E. H. Harriman has given notice that the annual meeting of the company, which was postponed last April on account of the Keene injunction, will not be held until April, 1904. Under the by-laws the present officers will continue to hold their respective positions until their successors are elected.

SOLANO'S CROSS-HEAD HAS BEEN REPLACED.

A small-sized army of machinists left for Port Costa last night to replace the Solano's cross-head, which was broken last Monday. The boat has now resumed her regular run. For several days there has been a congestion of traffic owing to the accident.

ENGINEER MALONEY LOSES LEG NEAR TRACY.

James J. Maloney, a Southern Pacific engineer, met with an accident at Tracy yesterday while on the Stockton run that cost him his right leg. The side rod of engine 1411 broke and the flying mass of steel caught the unfortunate man as he sat at the throttle. His leg was badly injured and amputation was resorted to upon his arrival at the Railroad Hospital in San Francisco.

NEWSY NOTES FROM THE WEST OAKLAND YARDS.

J. H. Shields took Fireman York's place last night at the stationary engines in the air-pumping room.

Engineer Phipps has let a few of his companions in on his secret. He is to leave for the World's Fair at St. Louis next April.

H. L. Ludlow of San Francisco is named as one of the incorporators of the California and Oregon Coast Railroad, which is to build a line from Grant's Pass, Ore., to Crescent City, Cal., a distance of ninety-one miles.

The Railway Age of November 20, which has just been published, contains the usual amount of interesting reading matter. In "Freight Business on Electric Railways," F. D. Hawks advances his ideas upon the effect electric competition is to have upon steam-operated roads. The following extract gives a key to his thought:

"The fact is, other things being equal, passengers prefer electric roads, and this preference is shown many times where other things are not equal. No one ever heard of a person asking visitors to ride on a steam road for fun, but thousands of dollars are spent every year by people riding on electric roads for pleasure. But these advantages of an electric road in passenger transportation do not extend to hauling low-class freight, and besides there are specific arguments against the latter business."

"Peggy" Sharp has left the employ of the Southern Pacific and will accept a position with the Santa Fe Company.

Frank Marion, the well-known railroad man of West Oakland, has postponed his trip to Goshen owing to a cold.

MEETINGS OF THE UNIONS.

MEN WHO LABOR DISCUSS PLANS TO BENEFIT WORKERS.

The executive committee of the Federated Trades' Council instructed the secretary last night to communicate with the District Council of Teamsters that the blacksmith shop of Ramassa and France at 420 Fifth street is a non-union establishment and should not be patronized until it is unionized. The boycott is still on against the Chabot Wagon Works in East Oakland. There is a union shop on San Pablo avenue that has in its employ a non-union wagon worker. The employe will be given until Monday to join the union. If he fails to do so then, his employer will discharge him. There will be no meeting of the council this evening as it is a holiday.

LINEMEN.

It is expected that there would be a meeting of the linemen last night but no member appeared. It is hoped that in the future the local will meet regularly, which it has not done since the telephone strike was settled.

PROVISION TRADES.

The classification committee of the new Central Labor Body will meet the delegates of the Provisior. Trades' Council in Kohler and Chase hall next Monday evening.

ROOFING MAKERS.

The new Roofers' Union met last night in Kohler and Chase hall. One new member was initiated and two applications received. Until the charter arrives, two meetings a week will be held, on Wednesday and Saturday nights. The election of officers will not be held before the charter is received.

SHEET METAL WORKERS.

The initiators were kept busy by the sheet metal workers last night. Four candidates were initiated into the union.

NEWSBOYS.

The Newsboys met last night and decided to apply to the A. F. of L. for a charter. Treasurer Petry was instructed to do so with full power to act. Resolutions were passed and spread upon the minutes on the death of Brother William Standberg. Brother Perkins was nominated as a candidate for president. The election is to take place December 22. Four new members were taken into the union.

DISTRICT COUNCIL OF TEAMSTERS.

Eleven of the twenty-one delegates of the District Council of Teamsters were present at last night's meeting. Five applications were acted upon favorably. Business agent Higuera was instructed to visit several ex-members of the local who were using old membership cards and claiming to belong to the union, notwithstanding the fact that they have been suspended.

It was reported that the Bangs dairy in Alameda had in its employ a non-union driver named Charles Schuman, who had refused to join Milk Wagon Drivers' Union, Local No. 545. This local will be instructed to communicate with Mr. Bangs and have him unionize his establishment. Otherwise the matter will be brought to the attention of the Federated Trades' Council.

The secretary of the Stablemen's Union was cited to appear before the district council at its next meeting. Secretary R. Miller Smith will communicate with teh Laundry Wagon Drivers' Union in regard to making a charge for transfer cards, which is contrary to the constitution.

Owing to the illness of one of the committee who was to have attended the meeting of the Milk Wagon Drivers' Union last Sunday, that organization will have a special session on November 29, when it is hoped all can be present.

CARPENTERS, LOCAL NO. 36.

Two matters submitted by the District Council to a referendum vote of the various carpenters' unions were voted upon favorably by Local No. 36 last night. One matter was the proposition of taking the Porto Rico carpenters into the Brotherhood of Carpenters and Joiners of America and the other was the amendment to the by-laws. The most important change in the latter is that hereafter there will be no work on any holidays or on Saturday afternoons.

The apprentices have drawn up a set of by-laws which will be submitted to referendum vote of the various locals in the county by the District Council.

NO MEETINGS TONIGHT.

As today is a holiday the labor unions that have meetings scheduled for this evening will not convene. In this list are the bakery wagon drivers, Federated Trades Council, sewer workers, painters, material teamsters, carpenters, carpet mechanics and housemovers.

LABORERS' PROTECTIVE UNION.

The Laborers' Protective Union held a lengthy session last night in Kohler & Chase Hall. As it was the night before a holiday refreshments were served and an enjoyable evening spent. Five new members were taken into the union. The following officers were nominated:

President, James Duffy; vice-president, Phillip Green and Fred Larson; secretary, E. Mercer; treasurer, T. H. Austin; sergeant-at-arms, Peter Leona; trustees—Phillip Green, James Feeley and Maurice Scanlon; delegates to the Building Trades Council—Maurice Scanlon, R. Fecley and J. Arlett. The nominations will close on the fourth Wednesday in December when the election will be held, it being the time of the regular monthly meeting of the organization.

PLUMBERS.

Two new members were initiated into the Plumbers' Union last night and three applications filed. There was a small attendance.

SHOEMAKERS.

The shoemakers took in four new members at the last meeting. The union is engaging in a quiet crusade against all non-union establishments.

AMALGAMATED CARPENTERS.

President Charles A. Nelsen of the San Francisco organization visited the Oakland branch of the Amalgamated Carpenters last night. There was a discussion of the proposition to join the Brotherhood of Carpenters and Joiners of America, which has been submitted to a referendum vote of the various locals throughout the country. The members are not yet thoroughly conversant with the terms of the contemplated consolidation, so will further debate on the matter at the next meeting two weeks hence. Two applicants will be initiated at the next session.

PRESSMEN.

The Pressmen's Union, Local No. 125, held high jinks at Gier's Hall on Fourteenth street last night in honor of Thanksgiving. A musical and literary program was rendered, after which refreshments were served. The committee in charge consisted of M. Kirst, H. Schutt, H. Bray, J. E. Griswold, A. Clague and President C. E. Puckett, ex-officio.

MEGAHAN IS A NERVOUS WRECK

FORMER PRINCIPAL WANDERS AWAY FROM HIS HOME.

A Megahan, who some months ago resigned from the position of principal of the Peralta School because of differences between himself and Superintendent of Schools J. M. McClymonds is thought to be mentally deranged. He disappeared from his home at 1242 Linden street last Saturday after writing a letter to his brother-in-law, P. M. Fisher, principal of the Polytechnic High Sschool, declaring that he was going to disappear and bidding them all goodbye. It is said that Mr. Megahan contemplated suicide, but the rumor is denied.

His friends made a search for him and found him last Monday at Brentwood, the family's country home, suffering from exposure and nervous prostration. He was brought to his home in this city where he is now lying in a serious condition. It was at first thought that he would become violently insane, but Dr. Buteau, the attending physician, says that he will recover.

It is supposed that Mr. Megahan's mind became temporarily unbalanced from constant brooding over his compulsory resignation.

STILL LIVES WITH BULLET IN BRAIN.

With a bullet in his brain since day before yesterday, Archi Ki, a Japanese, still lives at the Receiving Hospital. He was employed as a domestic by Mrs. A. Jackson of 1825 Clinton avenue, Alameda, and shot himself with suicidal intent.

According to Drs. Stratton and Emerson his case is a peculiar one. Ki placed a thirty-two-caliber revolver to his forehead and fired. There is a bullet hole through the skull and the track of the missile is then lost. Had it crashed through the sensitive tissues of the brain it is believed death would have resulted immediately. It is now thought that it must have been deflected in its course and has lodged in the outer covering. He is still unconscious and has taken no nourishment, and must eventually die.

PORTS ARE NOW CLOSED.

CALLS PANAMA THE "REBEL DEPARTMENT" AND SHUTS HER OUT.

COLON, November 26.—The text of the decree closing the ports of the Department of Bolivar, reached here today. It prohibits, until further notice, all traffic or business between the ports in that department and "the rebel department" of Panama, and says:

"The Department of Panama having declared itself free and having taken up arms against the national government in efforts to destroy Colombia integrity, dignity and honor, Colombia requires the employment of such measures as are indispensible for the punishment and suppression of the rebels. The act closing the ports mentioned is taken by the government of Bolivar independent of the Bogota Government. Bolivar can do all she considers necessary for the defense of the State and among the measures which the legitimate ends of war warrant, is the depriving of the enemy of resources and the free traffic of commerce."

The decree provides also that neutral vessels having called at Panamaian ports shall be refused admission to ports of Bolivar.

BENEFIT SHOW AT PECK'S THEATER.

A special performance will be given at Peck's Theatre tomorrow evening for the benefit of the Fort Bragg strikers. The laboring men of Oakland are taking a great interest in the affair and it is expected that quite a large sum will be raised. An excellent program will be rendered, including the best features of a good vaudeville performance, and none can afford to miss it.

DEATH OF A WIDOW.

YOUR MONEY RETURNED.

If Hyomei Does Not Cure You of Catarrh, Say Osgood Bros.

In advertising that they will refund the money to any one purchasing a Hyomei outfit who can say that it has done them no good in the treatment of catarrh, Osgood Brothers mean exactly what the guarantee says.

Of course the percentage of cures by Hyomei is nearly one hundred or else we could not afford to make this unusual offer. But if the treatment should not be adapted to your case there will be no questions or quibblings when you go to get your money.

That the beginning of catarrh is due to the presence of germs in the air passages is now admitted by every physician. It stands to reason that catarrh cannot be cured unless these germs are first destroyed. The Hyomei treatment kills the catarrh germs even in the minutest air cells, soothes and heals the irritated mucuous membrane and makes complete and lasting cures in cases that have resisted the usual methods of treatment.

Catarrh cannot be cured by medicines administered through the stomach. Hyomei is the only natural method and it has made cures that seem miraculous. The outfit costs but $1.00 and consists of an inhaler which will last a lifetime and sufficient Hyomei for several weeks' treatment. Additional bottles of Hyomei can be procured for 50 cents.

Osgood Brothers give their personal guarantee with every Hyomei outfit they sell to refund the money if it does not cure. There is no risk whatever to the purchaser of Hyomei.

SHOT DEFENDING A WOMAN.

MAJOR M'CLUNG WOUNDED TO THE DEATH IN PALACE HOTEL.

SAN FRANCISCO, Nov. 26.—Late yesterday afternoon Major J. W. McClung, a well known member of the Southern set, was shot and probably fatally wounded by Alexander Garnett. The shooting took place in the rooms of Mrs. Lillie Hitchcock Coit in the Palace Hotel.

Garnett, who is a relative by marriage of Mrs. Coit's and has been acting as a business agent for her, burst into Mrs. Coit's room in a drunken and excited state, flourishing a pistol and threatening to kill her.

McClung, who was present as a casual caller, jumped in front of the infuriated man and attempted to disarm him, receiving a bullet in the breast during the melee. Garnett then fled and Dr. George F. Shiels was caller to attend McClung, who will probably die.

According to Mrs. Coit, Garnett was inspired by drink and pique at being ejected from the lady's rooms for insulting her during a game of bridge whist.

Mrs. Coit is the daughter of Dr. Hitchcock, a famous physician of pioneer days, and the widow of Howard Coit, for many years caller of the San Francisco Exchange. In her youth she was a noted belle and the queen of the old volunteer fire department.

Major McClung, who is stout, white-haired and sixty, was a cavalryman under Forrest during the Civil War. He was Secretary of the San Francisco Stock Exchange in its palmy days, and was afterward cashier of the old Alta California. His wife is a daughter of the late Dr. Beverly Cole.

Garnett is also a Southerner and an ex-Confederate soldier. It is said there is a streak of insanity in his family.

AMUSEMENTS AT LOCAL THEATER.

The Olympia Opera Company will be the attraction at the Macdonough Theater again tonight. "The Isle of Champagne" will be the opera. The company is giving excellent performances and in consequence is enjoying large patronage. There will be a matinee Saturday.

"HELLO BILL."

Theatrically speaking, Sunday matinee and night next may be appropriately designated as "laughter night." The occasion is the presentation here of Goodhue & Kellog's successful farcial comedy "Hello Bill."

"Hello Bill" is the work of Willis Maxwell Goodhue a writer of note, and is accredited with being one of the most laughable farces ever produced. Unlike comedies bearing similar titles, "Hello Bill," in addition to containing peculiar complications, odd situations and screamingly funny climaxes abounds in the plot.

The cast appearing in the hilarity is a carefully selected one of players well known to fame.

AT THE DEWEY.

Since its reopening under the able management of Charles Cook, the Dewey Theater has become one of the most popular places of amusement in Oakland as is testified to by the large crowds which assemble there nightly to witness the different attractions. The manager has taken pains to play only the very best plays by the best companies and the result is apparent in a fast growing popularity. This week the James Keane Company is playing its third week's engagement with "Quo Vadis" as the bill. It will be continued until Saturday evening with a Saturday matinee. At the Sunday matinee the bill will be changed and for his fourth and last week Mr. Keane will play the well known romantic drama, "The Vagabond Prince."

James Keene in "Quo Vadis" continues to be the strong attraction at the Dewey Theater..

IDORA PARK.

It is doubtful if there has ever visited America a bandmaster who has so completely established himself in the public favor as has the gifted Chevalier Emilio Rivela, whose peerless leadership of one of the finest organizations of musicians in the world is recognized by all. Rivela is a power in himself and his masterly work with his band, his care, conception and interpretations of all classes of melody, stamp him a most versatile artist.

His visits to Oakland are hailed with glee by the music loving public and when he comes to Idora Park again Sunday afternoon and evening, it is expected that the theater will be filled with an enthusiastic and appreciative audience. The admission is 25 and 50 cents, including admission to the grounds.

PRESIDENT SEES HIS FRIENDS.

SPENDS A QUIET DAY AND TAKES A RIDE WITH HIS WIFE.

WASHINGTON, November 26.—The President spent the greater part of Thanksgiving Day with his family and personal friends, devoting only a few minutes in the early forenoon to the duties of his office. He left the White House about 10 o'clock in a carriage accompanied by Mrs. Roosevelt. They were driven to the suburbs where they joined a number of friends in an extended horseback ride from which they did not return until luncheon. The afternoon was spent quietly at the White House. The day was quietly observed throughout the city. Neither House of Congress was in session and all the departments were closed.

QUIETLY MARRIED.

LONDON, November 26.—Israel Zangwill, the author, and Edith Ayrton, daughter of W. E. Ayrton, president of the Institute of Electrical Engineers, were married quietly today in the registry office in the east end of London. A number of distinguished guests were present.

TORPEDO BOAT SAILS.

SAN FRANCISCO, Nov. 26.—The United States tug Fortune and the torpedo-boat Perry sailed today for Santa Barbara, where they will be used as stakeboats during the trial trip of the new cruiser Tacoma.

PRIEST HOME IS ROBBED.

BURGLAR SECURES CONSIDERABLE MONEY FOR HIS TROUBLE.

Some time between 6 and 8 o'clock last evening the residence of Daniel H. Priest, 934 Myrtle street, was entered and robbed, evidently by some person who had noted the movements of the occupants of the house.

Taking advantage of the fact that the house was temporarily deserted and shrouded in darkness, the thief entered by forcing the back door to the kitchen and ransacked every room and drawer in the place.

A drawer in Mr. Priest's bedroom on the ground floor was forced and $65 in money taken. In a room upstairs occupied by Mr. Flood, a railway conductor, the thief found $140 more in cash and considerately forgot to take a new hat, silk umbrella and other articles of wearing apparel. He took a bottle of perfumery and another filled with whiskey. However, but did not burden himself with furniture and bric-a-brac.

For some days the oldest residence has been deserted during certain hours, owing to the absence of Mrs. Priest in New York, whither she has gone to visit her daughter, Mrs. Beatrice Priest Fine, the singer. Mr. Priest and Mr. Flood are away in the day time attending to business, and the thief evidently watched a chance when both were away from home after dark to enter and plunder the premises.

The burglary was reported to the police shortly after it occurred and Detective William Quigley was detailed to investigate. He has no definite clue, although he thinks the burglar belongs to a gang of expert crooks that has lately began operating here. Apparently the burglary was committed by an old hand.

DAMAGE BY THE FLOOD.

HOMELESS AND CELLAR DWELLERS ARE ENDURING MUCH SUFFERING.

ST. PETERSBURG, November 26.—The flood which has caused so much damage has been the biggest since 1824. The intense cold is causing much distress among the homeless and the dwellers in cellars. In the factory quarter 20,000 persons have been driven into the streets, many of them losing everything. The authorities are doing everything in their power to relieve the sufferers and there have been few fatalities. A pathetic case was that of a parent hurrying home at the sound of warning guns, who found his child drowned. The destruction of property was heavy, especially at Cronstadt. The rafts and barges in the river were smashed and the live stock in the environs were drowned.

The strangest freak of the flood occurred at a cemetery, where coffins were washed out of graves and floated away. Those which were recovered were reinterred haphazard.

DO NOT WANT TO INSURE HIS LIFE.

ST. LOUIS, November 26.—The suit filed recently by a New York insurance company to cancel a life policy amounting to $50,000, held by James L. Blair, formerly chief counsel of the Louisiana Purchase Exposition Company, has been withdrawn. It was alleged that Mr. Blair had made two attempts to end his life. Mr. Blair is still quite ill at a local hospital.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdtown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Osgood Bros., druggists, Seventh street and Broadway. Trial bottles free. Regular sizes, 50c and $1.00.

GIRL IS CHARGED WITH CRIME.

ETHEL BRITTAN LANDED IN JAIL IN SAN FRANCISCO.

SAN FRANCISCO, November 26.—An inordinate desire for finery has landed Ethel Britton, whose mother lives at 812 Thirteenth street, Oakland, in prison in this city. She was employed as a domestic by Mrs. A. S. Lichtenstein of 1413 McAllister street of this city. She went to D. Samuels Lace House where she ordered a bill of goods amounting to $22.90 and charged them to her mistress who refused to pay the bill when it was presented.

In the meantime the girl had left the employ of Mrs. Lichtenstein and could not be located. Yesterday, however, she went to the Emporium, and represented that she was employed by Mrs. Oppenheimer, a sister of Mrs. Lichtenstein's and wanted to get a bill of goods charged.

Mrs. Oppenheimer was rung up on the telephone and denied that the girl had been sent by her and having heard of her sister's trouble suggested that she be taken to the Lace House which was done where she was identified and turned over to the police.
